+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and executed **test cases** for enterprise **Java/Spring Boot** and **.NET** applications in production support role, ensuring comprehensive **test coverage** and SLA compliance across P1/P2 incident response scenarios.
- Developed **Python** automation scripts for data validation, ETL pipelines, and scheduled reporting workflows; demonstrated strong coding foundation applicable to **API automation testing** and test script development.
- Performed **SQL** query execution and data validation across **PostgreSQL, MySQL, and Oracle** databases; conducted ad-hoc testing and schema analysis to support defect identification and resolution.
- Built and maintained **CI/CD pipelines** using **Jenkins** and **Git** with code review discipline; gained hands-on experience with **test execution** integration and automated deployment workflows.
- Collaborated with development teams to monitor application health using **Splunk, CloudWatch, and Dynatrace**; analyzed logs and performance metrics to identify quality issues and support timely bug fixes.
- Gained practical experience with **Docker containerization, AWS infrastructure (EC2, S3, Lambda)**, and **Linux** shell scripting; leveraged these technologies to support automated testing environments and deployment processes.

SKILLS

Programming Languages – Python, Java, SQL.

Testing & Automation – Test case design, API automation, REST API testing, test frameworks, defect management.

Tools & Technologies – Jenkins, Git, Jira, Docker, AWS (EC2, S3, Lambda, CloudWatch), Linux.

Databases – PostgreSQL, MySQL, Oracle.

Monitoring & Quality Assurance – Splunk, Dynatrace, CloudWatch, SLA management, bug tracking.

Frameworks & Methodologies – Spring Boot, Agile/Scrum, CI/CD pipelines, HTTP protocols.

Languages – English (IELTS Band 7/9), fluent written and verbal communication.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Application Production Support & Reliability (HCL Technologies)

- Monitored and maintained uptime of enterprise **Java Spring Boot** and **.NET** applications in production using **Splunk, CloudWatch, and Dynatrace**; executed **P1/P2 incident response** and SLA management.
- Performed **SQL data validation** and defect analysis across **PostgreSQL, MySQL, and Oracle** to identify root causes and support rapid bug fixes.

- Collaborated with development teams through **Jira** ticketing and **code reviews** in **Git**-based branching workflows; contributed to **Spring Boot** feature work and **REST API** improvements on existing microservices.

Automation & Data Pipeline Engineering (HCL Technologies)

- Developed **Python automation scripts** for ETL workflows, data validation pipelines, and scheduled reporting; demonstrated strong coding skills transferable to **test automation frameworks**.
- Built and optimized **Jenkins CI/CD pipelines** with **Git** version control; gained practical experience with automated build, test, and deployment integration.
- Leveraged **AWS (EC2, S3, Lambda)**, **Docker** containerization, and **Linux** shell scripting to automate infrastructure tasks and support reliable testing environments.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
