HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Analyzed **post-market surveillance data** and complaint trends to identify potential signals, supporting root cause investigations for product performance anomalies.
- Partnered with **quality engineers** and cross-functional teams to define data and reporting requirements, translating them into actionable analyses and clear reports.
- Developed and maintained **interactive dashboards** and analytical tools using **Power BI** and advanced **Microsoft Excel**, enhancing product performance insights.
- Provided recurring and ad hoc analyses that clearly communicated **product performance**, key trends, and business insights to stakeholders.
- Identified opportunities to improve **data quality**, reporting efficiency, and analytical processes, contributing to overall quality system enhancements.
- Supported **product performance and data analytics projects** through planning, execution, and proactive stakeholder communication.
- Managed **SLA adherence** for critical data pipelines, ensuring timely delivery of reports and insights for quality investigations.

SKILLS

Data Analysis & Reporting – Power BI, Tableau, Excel, R, DAX, Power Query, Statistical Analysis, A/B Testing, Time-Series Analysis

Programming & Scripting – Python, pandas, NumPy, scikit-learn, SQL, Java, Spring Boot

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux

Databases & Data Warehousing – PostgreSQL, MySQL, Oracle, Data Modelling, ETL

Development Tools & Methodologies – Git, Jenkins, Jira, Confluence, Agile/Scrum

PROJECTS

Medical Device Complaint Analysis Dashboard

- Developed an interactive **Power BI dashboard** to visualize trends and patterns in medical device complaint data, enabling faster identification of potential safety signals.
- Extracted and transformed complaint data using **SQL** and **Power Query**, performing data cleansing and validation to ensure accuracy for analysis.
- Collaborated with internal stakeholders to refine reporting requirements, incorporating feedback to deliver actionable insights on product performance.

Product Performance Trending and Reporting System

- Engineered automated **Python scripts** to aggregate and process post-market surveillance data from multiple sources, reducing manual reporting effort by approximately 40%.
- Implemented **statistical analysis** techniques in Python to identify significant trends and anomalies in product performance data, supporting early detection of issues.
- Built RESTful APIs using **FastAPI** to serve aggregated performance metrics, facilitating integration with downstream quality systems.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
