PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Created and issued quotations for follow-up work using an **internal system**, processing approximately **50 quotations** per week.
- Processed customer purchase order commitments, accurately inputting data into the system to facilitate the processing of repair estimates.
- Generated and distributed **service reports** to customers, ensuring timely and accurate delivery for approximately **30 contracts**.
- Managed the lifecycle of **field service cases** for device maintenance contracts and warranties, ensuring all documentation was complete.
- Maintained accurate records and ensured timely completion of administrative activities associated with field service operations, handling around **40 cases** weekly.
- Uploaded required documentation for field service activities, escalating any gaps or issues to management, processing an average of **15 escalations** per month.
- Supported enterprise business systems including ERP modules and operational platforms, managing change control for system configurations and coordinating UAT.

SKILLS

Administration – ServiceMax, SAP, Quotation Creation, Purchase Order Processing, Case Management, Documentation Management, Record Maintenance

Customer Service – Customer Communication, Stakeholder Management, Service Reporting, Technical Support

Technical Skills – Jira, Confluence, SQL, Python Scripting, Java Spring Boot, AWS, Docker, Linux

Operations – Field Service Operations, SLA Management, Incident Response, Change Management

Data Analysis – Power BI, Tableau, DAX, Power Query, Data Modelling, R, pandas, NumPy, scikit-learn

Project Management – Agile Methodologies, Scrum Ceremonies, Task Management

PROJECTS

Field Service Operations Enhancement (HCL Technologies)

- Developed automated Python scripts to streamline the generation and distribution of **service reports** for over **50 clients**, reducing manual effort by approximately **30%**.
- Implemented enhancements to the **ticketing system** workflow, improving the tracking and closure rate of field service cases by **15%**.
- Managed the upload and verification of critical documentation for **maintenance contracts**, ensuring compliance and reducing audit discrepancies.

Enterprise Systems Integration Support (HCL Technologies)

- Supported cross-system integrations between ERP modules and operational platforms using **REST APIs** and **SQL** for data flow across PostgreSQL and Oracle databases.
- Coordinated change-control management for system configuration updates, including UAT coordination and post-go-live support for approximately **5 interconnected systems**.
- Authored detailed technical documentation and runbooks for system support, aiding in the reduction of incident resolution time by **10%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
