HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Validated UI behavior across **Chrome**, **Firefox**, and **Safari** on desktop and mobile devices, identifying over 50 critical defects prior to release.
- Collaborated with product owners and designers to refine UI requirements, proactively identifying potential usability and edge-case risks for a new customer portal feature.
- Authored detailed test cases and executed manual testing for complex, data-heavy user interfaces, ensuring functional accuracy and visual consistency with design specifications.
- Supported regression testing cycles for bi-weekly releases, coordinating with frontend engineers to confirm defect resolutions and validate new feature implementations.
- Contributed to the enhancement of QA processes by developing standardized checklists for UI testing, improving test coverage by approximately 15% for core application modules.
- Performed early-stage UI review of **React** and **Angular** components, providing feedback on accessibility standards and overall user experience to development teams.
- Managed defect tracking and resolution workflows using **Jira**, ensuring clear, actionable reproduction steps and timely updates for over 100 reported issues.

SKILLS

Frontend Technologies – React, Angular, HTML, CSS, JavaScript

Testing Tools – Jira, Selenium (conceptual understanding), Playwright (conceptual understanding)

Browsers & Devices – Cross-browser testing, Responsive UI testing

Methodologies – Agile, Scrum, Manual UI Testing, Regression Testing

Concepts – UI Usability, Accessibility Testing, Defect Tracking, Test Case Design

PROJECTS

Enterprise Customer Portal UI Enhancement (HCL Technologies)

- Developed and executed comprehensive manual test plans for a new **React**-based customer portal, focusing on data-heavy dashboards and complex workflow interactions.
- Identified and documented over 75 UI defects, including visual inconsistencies, functional errors, and accessibility issues, using **Jira** for defect tracking.
- Collaborated with business analysts and frontend developers to ensure features met user requirements and design specifications before UAT.

Web Application Responsive Design Validation

- Designed and implemented a systematic approach to test responsive UI behavior across a range of devices and screen resolutions, covering **Angular** applications.
- Validated cross-browser compatibility for critical user flows, ensuring consistent functionality and appearance in **Chrome**, **Firefox**, and **Edge**.
- Provided detailed bug reports with visual evidence and step-by-step reproduction instructions to the development team, accelerating the bug-fixing process.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
