PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided day-to-day desktop and remote IT support to a user base of approximately 500 employees, resolving an average of 15-20 incidents per day.
- Managed and resolved hardware, software, and application issues across Windows 10/11 and macOS environments, ensuring timely closure within defined SLAs.
- Supported end-users with Microsoft Office 365 suite functionalities, including Outlook, Teams, and OneDrive, troubleshooting common configuration and access problems.
- Administered user accounts and permissions within an Active Directory and Group Policy environment, facilitating onboarding and offboarding processes for new hires.
- Performed PC/laptop break-fix support, including component replacement and operating system reinstallation, for a fleet of 400+ devices.
- Troubleshot and resolved issues on iOS and Android mobile devices, including email setup, application troubleshooting, and basic network connectivity.
- Documented common IT issues and their resolutions in a knowledge base, contributing to a reduction in repeat support requests by approximately 10%.

SKILLS

Operating Systems – Windows 10, Windows 11, macOS, Linux

Microsoft Ecosystem – Microsoft Office 365, Active Directory, Group Policy, Intune

Hardware & Software Support – PC/Laptop Break-Fix, Mobile Device Troubleshooting (iOS/Android), Application Support, Endpoint Security

IT Service Management – IT Ticketing System (Jira/Confluence), Incident Management, Service Request Management, SLAs

Networking & Connectivity – TCP/IP, DNS, DHCP, VPN Troubleshooting

PROJECTS

Enterprise Desktop Support Enhancement Initiative

- Developed and implemented a standardized troubleshooting guide for common hardware failures, reducing average resolution time for break-fix incidents by 15%.
- Assisted in the rollout of a new endpoint security solution across 300+ company laptops, coordinating user communication and post-installation checks.
- Streamlined the process for managing and deploying software updates using SCCM, improving deployment success rates by 20%.

IT Service Desk Operations Improvement

- Managed a queue of over 100 service requests weekly, prioritizing and assigning tickets based on urgency and impact to business operations.
- Provided remote support to users across multiple sites, effectively diagnosing and resolving issues without requiring physical presence.
- Contributed to the creation of user-facing documentation for common IT tasks, such as VPN setup and Office 365 feature usage.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
