HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided first-line technical support to approximately 10,000 computer users across NHS Fife via telephone and online portal, addressing a wide range of hardware and software issues.
- Diagnosed and resolved end-user technical problems, including PC and endpoint device issues, escalating complex cases with accurate and complete information to second and third-line support teams.
- Managed own workload effectively, prioritizing and resolving issues within established service level agreements (SLAs) in a fast-paced IT support environment.
- Supported users with varying levels of technical understanding, employing clear communication and customer relation skills to ensure a positive support experience.
- Documented support procedures and common troubleshooting steps, contributing to an internal knowledge base to improve first-time fix rates and team efficiency.
- Collaborated with cross-functional IT teams to troubleshoot and resolve system-wide incidents impacting user productivity.
- Maintained and supported the **Microsoft Windows environment**, including installation, configuration, and troubleshooting of core applications and operating systems.

SKILLS

Support Tools – Ticketing Systems, Online Portals, Jira Service Desk

Operating Systems – Microsoft Windows, Linux

Hardware Support – PC Troubleshooting, Endpoint Devices

Software Support – Microsoft Products, Application Installation, Configuration

Methodologies – Agile, Scrum, ITIL (Implied)

Networking – TCP/IP Troubleshooting, Network Connectivity

PROJECTS

Enterprise Application Support & Triage (HCL Technologies)

- Managed production support for enterprise Java and .NET applications, performing incident response for P1/P2 issues using **Splunk** and **Dynatrace** for monitoring.
- Automated routine reporting tasks and data validation checks using **Python scripting**, reducing manual effort by approximately **15%** per week for the operations team.
- Facilitated change management processes for system configuration updates, coordinating User Acceptance Testing (UAT) and providing post-go-live support across interconnected systems.

MSc Data Analytics - Power BI Dashboard Development

- Developed interactive **Power BI dashboards** to visualize key performance indicators for business stakeholders, translating raw data into actionable insights.
- Engineered data models and applied **DAX measures** to aggregate and analyze complex datasets, enhancing reporting accuracy and performance.
- Performed ETL processes using **Power Query** to clean and transform data from various sources, ensuring data integrity for reporting and analysis.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS
