PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided first-line IT support to internal staff and external clients via phone, email, and remote assistance, resolving an average of **15-20 tickets daily**.
- Troubleshot and resolved a range of hardware, software application, and network issues for employees and clients, ensuring **efficient system performance**.
- Documented, categorized, and prioritized support requests within the **service management platform**, escalating unresolved technical issues to appropriate teams.
- Assisted in the setup, configuration, and installation of new hardware and software, including **user account creation** and permissions management.
- Performed routine system checks and updates to maintain optimal system performance and security across the organization's IT infrastructure.
- Collaborated with project teams on the rollout of new systems and software applications, ensuring smooth integration and user adoption.
- Documented actions taken for support tickets, maintaining clear records and contributing to the team's knowledge base for faster resolution of recurring issues.

SKILLS

Operating Systems – Windows, Linux

Productivity Tools – Microsoft Office 365, Outlook, Word, Excel

IT Support Tools – Active Directory, Service Management Platform, Remote Assistance Tools

Networking – Network Fundamentals, VPNs, Firewalls

Hardware & Software – Installation, Configuration, Troubleshooting
