HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and optimized the **eRamba GRC platform** for a central government organization, focusing on **risk and control workflows** and **evidence management**.
- Developed and maintained **Python scripts** to automate data ingestion and reporting for operational dashboards, processing approximately **1,500 records daily**.
- Designed and implemented **REST APIs in Java Spring Boot** for cross-system integrations, handling key business logic for enterprise platforms.
- Managed **production incident response** for enterprise applications using **Splunk and Dynatrace**, ensuring adherence to strict SLAs for P1 and P2 issues.
- Mapped and integrated **enterprise security tooling**, including vulnerability scanners and identity management systems, with the core GRC platform via **APIs and scripting**.
- Documented technical configurations and workflows for the **eRamba platform**, creating comprehensive guides for future maintenance and user administrator training.
- Containerized Java Spring Boot applications using **Docker** and deployed them to **AWS EC2 instances**, managing configurations via **Jenkins pipelines** for continuous integration.

SKILLS

GRC Platform – eRamba, Workflow Configuration, Dashboard Design, API Integration, Scripting, Data Mapping, Troubleshooting, Testing, Technical Documentation, Administrator Training

Cybersecurity & Compliance – NIS2, ISO/IEC 27001, NIST CSF, Cyber Governance, Risk Management, Control Libraries, Evidence Management, Role-Based Access Controls

Software Development – Java, Spring Boot, REST APIs, Python, SQL, PostgreSQL, Docker, Git, Jenkins

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Linux, Shell Scripting

Monitoring & Support – Splunk, Dynatrace, Incident Response, SLA Management, Change Management

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling

PROJECTS

GRC Platform Configuration for Regulatory Compliance

- Configured the **eRamba GRC platform** to align with NIS2 directives for a public sector client, establishing central risk registers and control libraries.
- Developed custom **workflow automation scripts** to manage the evidence collection and testing cycles for internal controls, reducing manual effort by approximately **20%**.
- Integrated the GRC platform with enterprise security systems, enabling automated data flows for vulnerability and incident monitoring to support compliance reporting.

Automated Data Pipeline for Operational Reporting

- Engineered a **Python-based ETL pipeline** to extract, transform, and load data from disparate sources into a PostgreSQL database for an operational dashboard.
- Created **SQL scripts** for data validation and schema management, ensuring data integrity for approximately **5,000 daily records** processed by the system.
- Developed **Power BI dashboards** to visualize key operational metrics and compliance status, providing actionable insights to business stakeholders.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
