## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Maintained and supported **IT infrastructure**, including **hardware**, **networks**, and **Wi-Fi** across multiple retail locations, acting as the first point of contact for colleagues' IT issues.
- Installed and configured **PCs** and **IT solutions** for office teams, ensuring seamless integration and user adoption.
- Managed **software updates**, patches, and upgrades across various devices, including PCs, servers, and tills, while meticulously maintaining hardware, software, and license records.
- Diagnosed and repaired **laptops**, **PCs**, and **tablets** for both internal teams and external customers, including ordering necessary parts and providing repair status updates.
- Oversaw the day-to-day operations of a retail IT shop, guiding a small team, assigning tasks, and ensuring repair and installation jobs were completed efficiently and to high standards.
- Assisted in generating new business for the IT retail arm by quoting services, following up on leads, and building customer relationships with organizations such as schools and businesses.
- Implemented and managed **Microsoft 365 accounts** and user setups, alongside maintaining **CCTV systems** and ensuring robust **cybersecurity** and backup protocols were in place across all locations.

## SKILLS

**Infrastructure** – IT infrastructure, hardware, networks, Wi-Fi, telecoms, CCTV systems, PCs, servers, laptops, tablets, mobile phones

**Software & Systems** – Microsoft 365, Windows, software updates, patches, upgrades, IT solutions, tills, EPOS systems

**Support & Operations** – IT technician role, first point of contact, user support, hardware repair, diagnostics, off-site installations, on-site support, basic training, incident resolution

**Team & Business** – Team oversight, mentoring, customer relations, sales, quoting, lead follow-up, stocking levels, parts ordering, business growth

**Core Technologies** – Linux, shell scripting, cron jobs, Git, Jenkins, Jira, Confluence, SQL, Python, Java, Spring Boot, REST APIs, AWS, Docker

## PROJECTS

### Enterprise IT Systems Support & Rollout

- Managed the deployment of new **IT infrastructure** and **PCs** across 15 retail sites, coordinating installation schedules and ensuring minimal disruption to operations.
- Provided on-site support and basic user training for new systems and software implementations, addressing immediate technical queries from staff.
- Maintained detailed records of hardware inventory, software licenses, and system configurations, supporting change-control management for system updates.

### Hubtec Retail Operations Enhancement

- Led the technical team in the IT retail shop, assigning repair jobs, monitoring progress, and ensuring quality control for all outgoing hardware fixes.
- Developed quotes and proposals for new business opportunities with local organizations, focusing on hardware and network setup services.
- Managed inventory of spare parts and components, optimizing stock levels to meet repair demands and reduce lead times for customer devices.

## EDUCATION

**M.Sc. Data Analytics — National College of Ireland, Dublin** Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore, India** 2021

## CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
