PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and delivered comprehensive technical training programs on **fiber optic connectors**, assembly processes, and inspection methods to diverse customer audiences.
- Provided remote and on-site technical support for **fiber optic connectivity products** and manufacturing processes, resolving issues for customers and the Global Sales organization.
- Investigated manufacturing and product performance issues for **fiber optic connectivity solutions** using structured troubleshooting and root cause analysis methodologies.
- Collaborated with **Product Engineering**, Process Engineering, and Quality teams to address complex customer issues and refine technical support effectiveness.
- Created and maintained detailed training materials, certification content, and **customer-facing technical documentation**, including troubleshooting guides.
- Analyzed technical data, including **optical test results** and inspection findings, to identify and resolve performance issues, improving product implementation.
- Captured and communicated Voice of the Customer (VOC) insights, including feedback, recurring challenges, and product improvement opportunities to internal teams.

SKILLS

Technical Training & Support – Fiber Optics, Connector Assembly Processes, Termination Equipment, Inspection Methods, Optical Testing, Manufacturing Best Practices, Customer Support, Field Applications Engineering

Troubleshooting & Analysis – Root Cause Analysis, Technical Data Analysis, Optical Test Results, Process Performance Metrics, Structured Problem-Solving

Product & Process Knowledge – Fiber Optic Connectors, Connector Termination, Adhesive Application, Curing, Cleaving, Polishing, Manufacturing Technologies

Documentation & Content Creation – Training Materials, Certification Content, Technical Documentation, Troubleshooting Guides, Demonstrations

Collaboration & Communication – Global Sales, Product Engineering, Process Engineering, Quality, Product Management, Cross-Functional Teams, Verbal Communication, Written Communication, Presentation Skills

Software & Tools – Microsoft Office Suite (PowerPoint, Excel, Word, Teams)

PROJECTS

Fiber Optic Termination Process Training Module

- Developed a multi-day instructor-led training program covering **fiber preparation**, adhesive application, curing, and polishing for new customer technicians.
- Designed hands-on laboratory exercises simulating common termination challenges, enabling trainees to practice **troubleshooting** and process optimization techniques.
- Created a certification assessment based on practical performance and knowledge checks, ensuring trainees met stringent **connector assembly** standards.

Customer Application Support for Connectivity Products

- Provided **on-site technical consultation** to enterprise customers integrating new fiber optic connectivity solutions into their manufacturing environments.
- Documented customer-specific process variations and performance metrics, identifying areas for **product improvement** based on real-world application data.
- Collaborated with the Global Sales team to conduct pre-sales technical demonstrations of **termination equipment** and assembly processes for prospective clients.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
