PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's **community standards** and policies.
- Investigate escalated **abuse cases** including harassment, hate speech, scams, inauthentic behaviour, and graphic content.
- Document **policy enforcement** decisions and flag emerging abuse trends for proactive mitigation.
- Meet quality-audit, calibration, accuracy, and productivity targets for content review and **risk assessment**.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, building REST APIs for core services and supporting data validation.
- Wrote Python scripts to automate data pipelines and scheduled reporting, enhancing data accuracy for analysis.
- Executed SQL queries for ad-hoc data validation and schema changes, ensuring data integrity for operational systems.
- Managed production support and monitoring for enterprise applications, responding to P1/P2 incidents under strict SLAs.
- Analyzed logs using Splunk and CloudWatch for incident diagnosis, contributing to faster resolution times.
- Handled production escalations for a financial-services client, monitoring transaction flows and operational alerting.
- Collaborated with operations and business analysts on requirements and post-implementation triage for system changes.

SKILLS

Trust & Safety – policy enforcement, community guidelines, content review, escalations, risk assessment, investigations, abuse cases, hate speech, scams, inauthentic behaviour, graphic content.

Customer Support – inbound email support, de-escalation, customer education, issue resolution.
