PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Supported complex and non-standard **quoting, rebating, and pricing operations** for enterprise financial systems at HCL, validating **discount structures, rebate logic, and pricing policy compliance** across cross-border payment platforms; managed **20+ monthly pricing exception requests** with **99.2% accuracy** and zero policy violations.
- Partnered with Sales, Business Operations, and Distributor teams across **cross-functional deal support**, translating complex commercial requirements into operational pricing controls while balancing governance, compliance, and long-term system integrity; reduced pricing-related deal cycles by **35%** through standardized MeetComp request workflows.
- Reviewed and validated **pricing structures, discount application logic, and rebate calculation matrices** using **SQL** and **Python scripting** to ensure alignment with financial controls; identified and remediated **15+ pricing governance gaps** through process documentation and UAT coordination.
- Acted as subject-matter expert for **complex edge-case scenarios** in payments and enterprise business systems, providing mentoring to **8 operational team members** on pricing policy interpretation and rebate program mechanics; authored **Confluence operational playbooks** and **training materials** adopted across the team.
- Supported **process standardization and continuous improvement initiatives** in Quoting & Rebating Operations, providing practical feedback from day-to-day operations to inform AI tool adoption, workflow redesign, and governance model enhancements; contributed to **3 major process automation projects** that reduced manual quoting effort by **40%**.
- Managed **change-control processes** for pricing system configuration updates, **CRM and pricing platform integrations** (ERP systems, operational databases), and UAT coordination across interconnected systems; maintained **audit trails** and **compliance documentation** for regulatory and internal control requirements, ensuring **zero failed post-implementation audits**.

SKILLS

Quoting & Rebating Operations – complex quoting support, rebate program management, MeetComp requests, pricing governance, discount structures, rebate logic validation, pricing policy compliance.

Sales Support & Operations – cross-functional collaboration, Sales partnership, Business Operations alignment, deal desk support, pricing exception handling, commercial negotiations support.

CRM & Pricing Systems – Salesforce, Model N, ERP integration, pricing platforms, system configuration, change management, UAT coordination.

Data Analysis & Validation – SQL (PostgreSQL, MySQL, Oracle), Python scripting, ad-hoc pricing analytics, discount verification, rebate calculation audits, data-driven process improvement.

Process Improvement & Governance – process standardization, continuous improvement, AI tool adoption, workflow optimization, operational controls, compliance and audit documentation.

Communication & Stakeholder Management – cross-regional collaboration, written and verbal communication, documentation (Confluence), training material development, stakeholder reporting.

Technical & Domain Expertise – payments operations, financial systems, enterprise business systems, ISO 20022, SEPA, cross-border payments, GDPR compliance, regulatory reporting.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India

01/2021

PROJECTS

Quoting & Rebating Governance Automation Platform (HCL Technologies)

- Designed and deployed an **integrated pricing validation and rebate exception management system** using **Python, SQL, and Power BI dashboards** to automate complex quoting and rebating policy compliance checks across **3 regional sales organizations**.
- Built **pricing policy rules engine** that validated **discount application logic, rebate calculations, and MeetComp alignment** against governance matrices; reduced manual pricing review time by **50%** and eliminated **12+ policy breach incidents** annually.
- Implemented **change-control workflow automation** using **Jira and Confluence** for pricing configuration updates, UAT coordination, and post-implementation audit trail management; achieved **100% traceability** for all rebate and discount modifications.
- Created executive **KPI dashboard** in **Power BI** tracking quoting accuracy, rebate exception rates, average deal cycle time, and pricing policy compliance across sales regions; enabled **Data-driven process improvements** that improved pricing accuracy to **99.5%**.
- Collaborated with Deal Desk and Business Operations teams to standardize **non-standard pricing request workflows**, reducing processing time from **5 days to 2 days** and increasing throughput by **45%** without compromising compliance controls.

Cross-Border Payments Rebating & Regulatory Compliance Framework (HCL Technologies)

- Supported production quoting and rebating operations for enterprise banking client's **cross-border payments and SEPA transaction platform**, validating **rebate structures and discount logic** against **ISO 20022** message flows and **regulatory compliance requirements**.
- Managed complex **non-standard pricing scenarios** for high-value payment corridors, coordinating with Sales partners and Business Operations to ensure **pricing governance alignment** while meeting commercial objectives; processed **35+ edge-case rebate requests monthly** with **zero policy deviations**.
- Authored operational playbooks and **training materials** documenting **pricing policy frameworks, rebate mechanics, and compliance requirements** (GDPR, regulatory audit trails); trained **12 team members** on rebate program execution, reducing support escalations by **30%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
