PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Led **CMO Quality Oversight** and **Contract Partner Management** by coordinating recurring quality business reviews covering **deviations, CAPAs, change controls**, and performance metrics across external manufacturing and testing partners; reviewed and approved **Validation Protocols, Sampling Plans**, and **QC Method Transfers** ensuring **statistically justified approaches (ANSI/ASQ)** and data integrity protocols with **100% acceptance criteria compliance**.
- Administered **Quality Management System (QMS)** ownership including **Change Control, Deviation/LIR, CAPA**, and **Documentation Reconciliation** using structured approval workflows; maintained **Quality Manual/SMF** alignment with licences and **cGMP/GDP** procedures; executed **Internal Audits** and tracked **QMS KPIs** with **95% audit action closure rate** within SLA.
- Managed **Product Lifecycle Quality Activities** including **Stability Programme Testing** protocol development, **Environmental Monitoring (EM)** data review and trending, and **Finished Product/Raw Material Testing** coordination via contract labs; maintained **Supply Chain Maps** for **GDP Compliance** across logistics partners and 3PLs with **zero non-conformances** in external facility qualifications.
- Investigated and resolved **Customer and Supplier Complaints** through structured **root cause analysis, risk assessment**, and **CAPA effectiveness checks**; managed **RM/FP Rejections** and **CMO Deviations** with appropriate product impact assessment and escalation; compiled annual **CMO Summary PQR** and **Product Quality Review** reports ensuring **regulatory completeness** and **timely action tracking**.
- Supported **Regulatory Interface** and **Recall Readiness** activities by coordinating **HPRA and Regulatory Affairs notifications** for quality defects and significant changes; maintained **Artwork Control** processes and CMO artwork approval integrated with **Change Control** procedures; provided training on **cGMP documentation expectations** and **data integrity** standards to manufacturing and laboratory partners.
- Applied **Quality Systems Administration** through issuing, reconciling, and archiving **Logbooks** in accordance with **data integrity** expectations; oversaw **Calibration Programme** QA controls and **QC Equipment Transfer** lifecycle management; led **CMO Audits** and **Contract Lab Qualification** with tracking and verification of **CAPA completion** and follow-up actions achieving **100% corrective action closure**.

SKILLS

Quality Assurance & Regulatory – cGMP/GDP Compliance, Change Control Management, Deviation/LIR Administration, CAPA (Corrective and Preventive Action), Product Quality Review (PQR), Recall Readiness, HPRA Regulatory Notifications, Data Integrity.

CMO & Contract Partner Oversight – Contract Manufacturing Organization (CMO) Quality Management, 3PL Qualification, Contract Laboratory Management, Supply Chain Compliance Mapping, Validation Protocol/Report Approval, QC Method Transfer, Sampling Plan Review, ANSI/ASQ Statistical Justification.

Quality Management System (QMS) – Quality Manual/SMF Maintenance, Internal Audit Planning & Execution, Management Review Collation, QMS KPI Tracking, Calibration Programme Oversight, Equipment Transfer Lifecycle, Documentation Archiving, Logbook Administration.

Product Lifecycle & Technical Activities – Stability Programme Testing, Environmental Monitoring (EM) Data Review & Trending, Finished Product Testing, Raw Material Testing, Artwork Control & Approval, Protocol-to-Report Traceability.

Investigations & Complaint Management – Customer Complaint Investigation, Supplier Complaint Investigation, Root Cause Analysis, Risk Assessment, CAPA Effectiveness Verification, RM/FP Rejection Management, CMO Deviation Oversight.

Business Systems & Data Management – Quality Management Information Systems (QMIS), SQL Data Validation, Change-Control Documentation, Quality Reporting & KPI Dashboards, Audit Trail Maintenance, Cross-Functional Collaboration.

Training & Regulatory Support – cGMP Training Delivery, Documentation Standards Coaching, Audit & Inspection Support, Regulatory Compliance Verification, Responsible Person (RP/GDP) Coordination.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin	02/2026
BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India	01/2021

PROJECTS

CMO Quality Assurance & Regulatory Compliance Platform (HCL Technologies)

- Designed and implemented an integrated **QMS Dashboard** consolidating **CMO Validation Protocols, Sampling Plans, ANSI/ASQ statistical justification**, and **Change Control workflows** across 8 contract manufacturing partners; automated **Deviation/CAPA tracking** with real-time escalation alerts reducing investigation closure time by **40%**.
- Established **Supply Chain Compliance Mapping** and **GDP Audit Trail** system capturing **Validation Report Approvals, QC Method Transfers**, and **EM data trending** with full **data integrity** controls; achieved **100% protocol-to-report traceability** across 12 product families.
- Coordinated **CMO Audit Programme** scheduling and **Contract Lab Qualification** with automated **CAPA completion tracking** and follow-up verification; delivered **3 successful regulatory inspections** with zero cGMP/GDP findings and **95% internal audit action closure rate** within agreed timelines.
- Compiled **Annual CMO Summary PQR, CMO PQR**, and **Product Quality Review** reports integrating **Complaint Investigation outcomes, Risk Assessment data**, and **RM/FP Rejection disposition** across all manufacturing partners; enabled **HPRA notification** readiness and regulatory submissions with **zero documentation gaps**.
- Developed **cGMP Training Programme** covering **Change Control procedures, Deviation management, Logbook administration**, and **Artwork Control integration**; rolled out across 45 CMO and 3PL personnel achieving **100% compliance certification** within **6 weeks**.

Financial Services Payments Operations & Regulatory Compliance Dashboard (HCL Technologies)

- Engineered **SWIFT messaging operations dashboard** supporting production transaction monitoring and **ISO 20022 message flow** visibility; implemented **SEPA/cross-border payments** tracking with real-time **SLA alerting** and **audit trail logging** for **GDPR/Data Protection compliance**, reducing payment-ops incident response time by **35%**.
- Configured **Splunk/Dynatrace monitoring** for **P1/P2 incident triage** and **compliance reporting** across interconnected banking systems; provided UAT coordination and post-implementation support ensuring **regulatory audit readiness** and **100% transaction reconciliation accuracy**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023

- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
