PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Reviewed and assessed data accuracy against client policies and compliance requirements in a multilingual production environment, managing **500+ daily data validation requests** across enterprise systems using **SQL** queries, **Python** automation scripts, and **Power BI** dashboards to maintain **99.2% accuracy SLA** and regulatory audit trails.
- Engaged with business stakeholders and cross-functional teams via outbound phone calls and written communication to verify information, update client platforms, and resolve discrepancies in real-time, driving **85% first-contact resolution rate** and reducing average response time from **4 hours to 1.2 hours**.
- Demonstrated exceptional adaptability and problem-solving in a dynamic, fast-paced environment by responding to urgent data review requests, triaging conflicting policy interpretations with business teams, and implementing corrective actions across **3+ interconnected enterprise systems** simultaneously while adhering to strict compliance deadlines.
- Applied excellent verbal and written communication skills in English across technical documentation, client correspondence, and operational reporting; created **standardized review guidelines** and **knowledge-base articles** that improved team onboarding time by **40%** and reduced policy-interpretation disputes by **65%**.
- Executed computer-fluent operations including **data quality checks** using **PostgreSQL, MySQL, and Oracle** databases; leveraged **Jira ticketing, Confluence documentation, and Git version control** for meticulous defect tracking and change management, processing **250+ compliance-critical updates monthly** with zero audit failures.
- Maintained attention to detail on repetitive data processing tasks at scale, performing **structured data validation workflows** with **Python pandas** and **SQL** across **2M+ records monthly**, flagging exceptions using **automated alerting pipelines**, and delivering **daily compliance reports** to stakeholders with **100% on-time delivery**.

SKILLS

Data Review & Verification – data accuracy assessment, client policy compliance, information verification, platform update workflows, discrepancy resolution.

Compliance & Regulatory – compliance requirements adherence, audit trail management, GDPR data protection, regulatory documentation, policy interpretation.

Communication – outbound phone engagement, written correspondence, verbal articulation, stakeholder collaboration, customer service excellence.

Technical & Data Stack – SQL (PostgreSQL, MySQL, Oracle), Python (pandas, NumPy, scripting), Power BI dashboards, Jira, Confluence, Git, Linux, shell scripting.

Operational Support – adaptability, fast-paced environment management, problem-solving, attention to detail, defect tracking, change management.

Data Management – data validation, ETL workflows, data modelling, reporting automation, quality assurance, large-scale data processing.

Languages – English (IELTS Band 7/9), German (working proficiency).

EDUCATION AND TRAINING

PROJECTS

Multilingual Data Compliance & Verification Platform (HCL Technologies)

- Architected and deployed an end-to-end **data review and verification system** processing **500K+ monthly compliance records** across multiple client platforms, integrating **SQL-based data validation**, **Python automation**, and **Power BI dashboards** to enable real-time accuracy assessment against client policies.
- Implemented a **structured communication workflow** combining **outbound phone call tracking**, **written correspondence logs**, and **Jira ticketing** to manage **stakeholder engagement** and information verification; reduced average resolution time by **62%** and improved first-contact accuracy to **94%**.
- Developed **automated compliance reporting pipelines** using **Python pandas** and **PostgreSQL** queries to flag policy violations, discrepancies, and audit exceptions; delivered **daily compliance dashboards** to internal and external stakeholders with **99.8% data accuracy** and **zero missed regulatory deadlines**.
- Created a **dynamic problem-solving protocol** and **knowledge base** in Confluence to handle ambiguous policy interpretations and escalations in a fast-paced environment; trained **12+ team members** on repetitive data validation best practices, reducing team ramp-up time by **40%**.
- Established **quality assurance checkpoints** with **attention-to-detail validation gates** across **3 interconnected enterprise systems**; maintained **99.2% compliance SLA** across **250+ monthly change-management updates** with zero audit findings.

Cross-Border Banking Data Governance & Customer Review Platform (HCL Technologies)

- Led production support and data review operations for a **SWIFT messaging and payments-operations dashboard**, verifying customer information accuracy across **ISO 20022 message flows** and **SEPA / cross-border payment records**; engaged directly with banking operations teams via phone and written communication to resolve discrepancies and update transaction-flow visibility.
- Implemented **GDPR compliance workflows** and **regulatory audit trails** into the data verification platform, ensuring all customer information reviews adhered to financial-services data protection standards; processed **10K+ monthly customer records** with **100% regulatory compliance**.
- Designed **Power BI operational dashboards** and **Python reporting scripts** to surface data quality metrics, policy exceptions, and customer verification status in real-time; reduced manual review overhead by **45%** and improved stakeholder decision-making speed by **55%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
