PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Deployed, installed, and configured **desktops, laptops, and mobile devices** across enterprise environments at HCL; managed hardware provisioning workflows and asset lifecycle coordination supporting 500+ concurrent users with **99.2% uptime SLA**.
- Provided **Service Desk and Field Support** for production Java/.NET applications using **Splunk, CloudWatch, and Dynatrace** dashboards; resolved **P1/P2 hardware, software, and network issues** with average resolution time of **45 minutes**, maintaining regulatory compliance and audit trails in banking environments.
- Administered **Microsoft 365** cloud services and supported **Windows 10 & 11** enterprise deployments; configured user provisioning, security policies, and advanced threat protection for **300+ end-users** across interconnected business systems.
- Troubleshoot and resolved **network issues, firewall configurations, VPN connectivity, and LAN/Wireless** problems using **Linux shell scripting, log analysis, and system monitoring tools**; reduced network downtime incidents by **35%** through proactive infrastructure documentation.
- Supported **cybersecurity initiatives and compliance standards** including **GDPR, information security policies, and endpoint security** procedures; conducted awareness training on email security, advanced threat protection, and malware detection across 250+ users in regulated financial-services environments.
- Collaborated with cross-functional teams including business analysts, operations staff, and change-control management to deliver **best-in-class service**; coordinated **UAT support, post-implementation triage, and system integration testing** across enterprise ERP platforms and interconnected business systems.

SKILLS

Service Desk & Field Support – Hardware troubleshooting, software issue resolution, network diagnostics, device deployment and configuration, field support coordination.

Client Technologies – Desktops, Laptops, Mobile Devices, Printers, Microsoft 365, Windows 10, Windows 11.

Cloud & Server Infrastructure – Microsoft 365, SharePoint, Teams, Azure, Microsoft Server 2019, Microsoft Server 2022, cloud services administration.

Networking & Security – Firewalls, Routers, VPN, LAN, Wireless networking, endpoint security, email security, advanced threat protection, DNS, DMARC, DKIM, web filtering.

Cybersecurity & Compliance – GDPR awareness, information security policies, endpoint protection, threat detection and response, malware remediation, Cyber Essentials, IASME, ISO, NIST, CMMC frameworks.

IT Tools & Platforms – Splunk, Dynatrace, CloudWatch, Autotask, Datto, WatchGuard, Proofpoint, Thycotic, CrowdStrike, Git, Jenkins, Linux, Active Directory.

Soft Skills & Domain Knowledge – Excellent written and verbal communication, team collaboration, change-control management, UAT support, post-implementation triage, production support, compliance in regulated environments.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

PROJECTS

Enterprise Endpoint & Cloud Migration Platform – Microsoft 365 Hardening & Device Lifecycle Management (HCL Technologies)

- Architected and executed **Windows 10 to Windows 11 migration** for **400+ enterprise desktops and laptops** across financial-services clients; coordinated hardware compatibility assessment, driver deployment, and BIOS firmware updates with **zero critical failures** using automated deployment scripts and **Jenkins CI/CD pipelines**.
- Implemented **Microsoft 365 hardening** policies and **advanced threat protection** across cloud tenant infrastructure; configured **DMARC, DKIM, and DNS filtering** to block phishing campaigns, reducing email-based security incidents by **67%** across 1,200+ mailboxes.
- Built **mobile device management (MDM)** enrollment workflows for **iOS and Android devices** using **Microsoft Intune**; automated app distribution, security policy enforcement, and compliance reporting, reducing manual provisioning time by **72%** (from 4 hours to 67 minutes per device).
- Developed comprehensive **service desk runbooks and troubleshooting procedures** for **Windows 11, Microsoft 365, Teams, SharePoint, and Azure** using **Confluence documentation**; trained 25-person support team, reducing first-call resolution time by **43%**.
- Collaborated with **cybersecurity and compliance teams** to implement **Cyber Essentials and GDPR-aligned security posture assessments**; established **endpoint threat detection and response (EDR)** processes using **CrowdStrike and Proofpoint**, achieving **99.7% malware detection accuracy**.

SWIFT Payments Operations Dashboard & Banking Compliance Support Platform (HCL Technologies)

- Supported **SWIFT messaging (MT/MX) production dashboard** for cross-border payments client; monitored **ISO 20022 message flows, SEPA instant payments, and transaction reconciliation** workflows; resolved **P1/P2 production incidents** with **99.8% SLA compliance** and maintained complete audit trails for regulatory audits.
- Implemented **GDPR and data protection policies** across payments-operations infrastructure; coordinated change-control management and UAT support for **PSD2 Open Banking compliance** initiatives, ensuring customer data handling aligned with regulatory requirements across 15+ interconnected systems.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
