PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered **1st and 2nd level support** to enterprise end-users across **Windows, MacOS, iOS, and virtual desktop environments** (Azure Virtual Desktop, Citrix) at HCL Technologies, resolving **150+ monthly tickets** within agreed SLAs and escalating P1/P2 incidents to senior engineers with **98% first-contact resolution rate**.
- Troubleshoot and resolved issues with **desktops, laptops, printers, mobile devices, and Microsoft 365 applications** (Teams, OneDrive, SharePoint) for banking and ERP client base; performed **Active Directory administration** including user creation, password resets, group management, and account provisioning across **500+ user accounts**.
- Provided **onsite and remote support** for **Office 365 and Azure migrations**, assisting senior engineers with device deployments, configuration validation, and post-migration user enablement; coordinated **40+ device deployments** per quarter with **zero rollback incidents**.
- Supported **Google Workspace and Slack** administration and troubleshooting; logged, tracked, and resolved tickets in **Jira** ticketing system with full audit trail compliance; maintained security, compliance, and operational standards through change-control procedures and SLA adherence across interconnected business systems.
- Assisted with **MacOS device setup, configuration, and iPhone provisioning** including mobile device management (MDM), software deployment, and user onboarding; provided tier-2 escalation support and mentoring to junior helpdesk technicians on technical troubleshooting methodologies.
- Collaborated with cross-functional teams including BAs, operations, and compliance to support **enterprise business system integrations** and ERP environments; documented configuration changes, UAT coordination, and post-go-live incident triage via **Confluence knowledge bases** and runbooks.

SKILLS

Helpdesk & IT Support – 1st line support, 2nd level escalation support, field support, L1/L2 service desk, ticket management, SLA compliance, incident response.

Operating Systems & Devices – Windows OS, MacOS, iOS, desktop support, laptop support, printer troubleshooting, mobile device management, virtual desktop environments.

Microsoft & Cloud Technologies – Microsoft 365, Office 365, Teams, OneDrive, SharePoint, Active Directory, Azure Virtual Desktop, Azure migrations, user administration.

Enterprise Systems & Tools – Google Workspace, Slack, Jira, Confluence, change-control management, ERP integration support, business system support.

Additional Technical Skills – Citrix, VMware Horizon, device deployment, MDM (Mobile Device Management), network troubleshooting, user provisioning, IT documentation.

Professional Competencies – Strong communication skills, customer-focused approach, cross-functional collaboration, security and compliance standards, knowledge base development, technical mentoring.

EDUCATION AND TRAINING

PROJECTS

Office 365 & Azure Virtual Desktop Migration Program (HCL Technologies)

- Led **phased Office 365 and Azure Virtual Desktop migration** for 500+ banking and ERP users across 8 business locations, coordinating **1st and 2nd level support** for desktop provisioning, Teams/OneDrive/SharePoint onboarding, and Active Directory user creation; achieved **100% migration completion within 12 weeks** with **zero unplanned downtime**.
- Deployed and managed **virtual desktop environment (Azure Virtual Desktop)** with **Citrix layer optimization**; configured device policies, printer mapping, and application streaming; reduced post-migration support tickets by **35%** through comprehensive user training documentation and Confluence runbooks.
- Performed **onsite field support** across all 8 locations, troubleshooting Windows/macOS device connectivity, printer configuration, mobile device (iOS) setup, and Microsoft 365 application issues; mentored 4 junior helpdesk engineers on tier-2 escalation protocols and incident triage.
- Established **SLA-driven ticket tracking and resolution procedures** in Jira with escalation workflows; maintained **98% SLA compliance** for P1/P2 incidents and **96% for P3**; coordinated change-control approvals with compliance teams to ensure security and operational standards were met throughout the program.
- Supported **post-migration UAT coordination** with banking client operations teams; resolved **200+ user-reported issues** across desktops, laptops, and mobile devices; documented lessons learned and contributed to knowledge base refresh, enabling self-service resolution for **40% of common issues**.

SWIFT Payments Operations Dashboard & Helpdesk Support (HCL Technologies)

- Provided **production support and monitoring** for enterprise SWIFT messaging dashboard serving banking client; managed **SLA-critical incident response** for payment-operations workflows involving **ISO 20022 message flows, SEPA/cross-border transaction processing**, and regulatory compliance; resolved **95% of P1/P2 incidents within 4-hour SLA**.
- Supported end-users on **dashboard troubleshooting, Active Directory access provisioning, and Microsoft 365 integrations** (Teams, SharePoint); escalated complex SWIFT/payments-domain issues to senior engineers; documented user guides and training materials to reduce support volume by **20%**.
- Assisted with system configuration changes and **change-control procedures** for payments-operations platform updates; coordinated **UAT user acceptance testing** with banking-domain BAs and compliance teams to validate ISO 20022 message handling and audit-trail integrity.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
