PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Monitored, tracked, and analyzed project costs, budgets, and financial performance across enterprise Java/.NET applications using **SQL** (PostgreSQL, MySQL, Oracle) and **Python** automation scripts; prepared **bi-weekly cost reports, variance analyses**, and financial summaries with **100% accuracy** in job costing for labor, materials, equipment, and subcontractor expenses.
- Prepared and processed **progress billings, milestone invoices, and time-and-materials billing** by reviewing contracts to ensure billing aligns with terms, rates, and deliverables; tracked accounts receivable, unbilled accounts, and revenue recognition compliance, reducing billing cycle time by **35%** through **Power BI** dashboard automation and **DAX** reporting.
- Assisted in developing **project budgets** and **financial forecasts** using **Excel** (pivot tables, lookups, data modeling) and **Power BI**; updated forecasts based on actual performance and projected costs, identifying cost overruns and risks across **12+ concurrent projects**, delivering weekly variance reports to senior leadership and Plant Controller.
- Maintained accurate **project financial records** and documentation ensuring compliance with **internal controls, audit requirements**, and client reporting standards; supported internal and external audits related to project financials and regulatory compliance (including GDPR and data protection), with **zero audit findings** across **8 audit cycles**.
- Collaborated with project managers, procurement, operations teams, and Plant Controller by providing **financial insights** to support decision-making; communicated project financial results clearly through **Power BI dashboards, Tableau** visualizations, and stakeholder reports, managing **multi-project** deadlines with strong organizational discipline.
- Assisted in **backlog reporting by region, secured weekly reporting, and backlog flow** accuracy; worked with Sales team to ensure sales force system updates and pipeline visibility; reconciled and closed jobs in a timely manner using **change-control management, UAT coordination**, and cross-functional integrations via **REST APIs** and database-level data flows.

SKILLS

Project Financial Management – cost tracking, budget monitoring, job costing, variance analysis, financial performance reporting, cost control.

Billing & Revenue – progress billings, milestone invoices, time-and-materials billing, accounts receivable, revenue recognition, contract review.

Budgeting & Forecasting – project budgeting, financial forecasting, cost overrun identification, savings opportunity analysis.

Accounting & Financial Systems – Excel (pivot tables, lookups, data modeling), Power BI (dashboards, DAX measures), Tableau, SQL (PostgreSQL, MySQL, Oracle), financial documentation, audit compliance.

Project Coordination & Compliance – backlog reporting, secured weekly reporting, change-control management, UAT coordination, internal controls, audit requirements, GDPR compliance, documentation management.

Analytics & Reporting Tools – Power BI, Tableau, DAX, Power Query, data warehousing, ETL, statistical analysis.

Enterprise Systems & Integration – REST APIs, database integrations, ERP systems, cross-functional collaboration, stakeholder communication.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Multi-Project Financial Performance Dashboard & Billing Automation (HCL Technologies)

- Designed and deployed a **Power BI project accounting dashboard** consolidating cost tracking, budget variance analysis, and financial forecasting across **15 concurrent projects** totaling **€8.2M in annual project revenue**; used **DAX measures** and **Power Query ETL** to extract job-costing data from **PostgreSQL** and **Oracle** enterprise systems in real-time.
- Automated **bi-weekly cost report generation** and **progress billing reconciliation** using **Python** scripts and **Excel VBA**, eliminating manual data entry and reducing report preparation time from **16 hours to 2 hours per cycle**; integrated accounts receivable tracking and unbilled account aging reports into a single stakeholder-facing dashboard.
- Established **financial controls** and **audit-ready documentation workflows** ensuring **100% compliance** with internal control frameworks and client reporting standards; supported **3 external audit cycles** with zero findings by maintaining versioned job-costing records, contract alignment matrices, and revenue recognition justifications in centralized repository.
- Collaborated with Plant Controller, project managers, and procurement teams to deliver **weekly forecasting updates** and cost-driver analysis; provided **financial insights** on **labor variance**, **material cost overruns**, and **subcontractor billing discrepancies**, enabling **€340K in identified cost savings** across the project portfolio.
- Integrated **backlog reporting** and **secured weekly reporting** dashboards with Sales team systems via **REST APIs**, ensuring accurate sales pipeline visibility and backlog flow accuracy; implemented monthly reconciliation process to close completed jobs timely, improving cash-collection cycle by **12 days**.

SWIFT Payments Operations Financial Monitoring & Billing Compliance (HCL Technologies)

- Supported **production financial monitoring** of SWIFT messaging and payments-operations dashboard serving **200+ daily transactions** for banking client; tracked transaction-flow costs, operator labor allocation, and SLA-related billing using **SQL queries** and **CloudWatch** metrics aligned to **ISO 20022** and **SEPA** payment standards.
- Reviewed **contracts** for **payments processing billing** terms and ensured revenue recognition complied with banking-sector audit standards and **GDPR/Data Protection** regulatory requirements; generated **time-and-materials billing reports** for cross-border payment flows with **100% rate-accuracy** and **zero client disputes** across **18-month engagement**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
