PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Configured and managed **Microsoft Entra ID (Azure AD)** for identity governance, **conditional access policies**, and **Multi-Factor Authentication (MFA)** across enterprise production environments; implemented **Privileged Identity Management (PIM)** and **role-based access controls (RBAC)** to enforce Zero Trust principles, reducing unauthorized access incidents by **40%**.
- Deployed and managed **Microsoft Intune** for device compliance, application deployment, and endpoint configuration across heterogeneous device estates; configured **Microsoft Defender XDR** solutions including **Defender for Endpoint** and **Defender for Office 365** to monitor and respond to security alerts in real-time, achieving **99.2% mean time to detection (MTTD)**.
- Monitored and responded to security alerts using **Microsoft Sentinel** and **SIEM tools** aligned with **ITIL Incident Management** processes; led security incident investigations and threat evaluation, documenting **remediation strategies** and post-incident reviews to drive **continual service improvement** across **60+ security events** annually.
- Applied **Zero Trust Security Model** principles across identity, devices, and applications using **network security groups**, **Azure firewalls**, and **encryption best practices**; implemented **Microsoft Purview Information Protection** controls for data classification and loss prevention, ensuring regulatory compliance with **Data Protection** and **GDPR** requirements.
- Provided **Level 3 incident support and troubleshooting** aligned with **ITIL best practices** for **Incident Management**, **Service Request** handling, and **Problem Management**; maintained detailed documentation for configurations, policies, procedures, and runbooks within **ITIL-aligned Service Desk** systems, reducing ticket resolution time by **35%**.
- Participated in **Change Advisory Board (CAB)** meetings and **Change Management** processes; researched current **cybersecurity best practices** including **phishing awareness**, **Identity and Access Management**, and **Multifactor Authentication** strategies, translating them into operational procedures and delivering team training with **95% attestation rate**.

SKILLS

Cloud & Identity Security – Microsoft Entra ID (Azure AD), Conditional Access, Privileged Identity Management (PIM), Multi-Factor Authentication (MFA), RBAC, Azure Firewall, Network Security Groups, Encryption.

Security & Threat Management – Microsoft Defender XDR, Defender for Endpoint, Defender for Office 365, Microsoft Sentinel, SIEM, Security Incident Response, Threat Evaluation, Zero Trust Security Model.

Endpoint & Information Protection – Microsoft Intune, Device Compliance, Application Deployment, Microsoft Purview Information Protection, Data Classification, Data Loss Prevention.

IT Service Management & Governance – ITIL, Incident Management, Service Request Management, Problem Management, Change Management, Change Advisory Board (CAB), Continual Service Improvement, Service Desk.

Cybersecurity Awareness & Compliance – Phishing Awareness, Identity and Access Management, Data Protection, GDPR, Security Best Practices, Regulatory Compliance.

Enterprise Technologies – AWS (EC2, S3, Lambda, CloudWatch), Python, SQL (PostgreSQL, MySQL, Oracle), Git, Jenkins, Docker, Linux, Splunk, Dynatrace.

Certifications & Education – MSc Data Analytics (NCI Dublin), BE Computer Science (SNS College), IELTS Band 7, Full Stack Java Spring Boot & Angular (Great Learning).

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin	02/2026
BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India	01/2021

PROJECTS

Enterprise Zero Trust Security & Identity Governance Platform (HCL Technologies)

- Architected and deployed **Microsoft Entra ID (Azure AD)** with **conditional access policies**, **Privileged Identity Management (PIM)**, and **role-based access controls (RBAC)** to enforce **Zero Trust Security Model** across 500+ enterprise users; reduced unauthorized access attempts by **62%** within 6 months.
- Implemented **Microsoft Intune** device management and **Microsoft Defender XDR** solutions (**Defender for Endpoint, Defender for Office 365**) with **Microsoft Sentinel SIEM** monitoring; achieved **99.4% detection accuracy** for security threats and reduced mean time to resolution (MTTR) from **240 minutes to 45 minutes**.
- Configured **Microsoft Purview Information Protection** for data classification, labeling, and **Data Loss Prevention (DLP)**; ensured **GDPR** and **Data Protection** compliance across all endpoints, with **100% policy enforcement rate** and zero compliance breaches in production.
- Established **ITIL-aligned Incident Management, Service Request, and Problem Management** processes; created comprehensive **runbooks, Standard Operating Procedures (SOPs)**, and **Knowledge Management** documentation, enabling **Level 3 support teams** to resolve **Level 2 escalations 40% faster**.
- Led **security incident investigations** and **threat evaluation** exercises; documented **remediation strategies** and implemented **cybersecurity best practices** for **phishing awareness, MFA, and Identity and Access Management**; delivered training to 200+ users with **92% completion rate** and **continual service improvement** feedback loops.

SWIFT Payments Operations Dashboard & Security Incident Response (HCL Technologies)

- Supported and monitored a production **SWIFT messaging** and payments-operations dashboard processing **50,000+ daily transactions** using **Splunk** and **CloudWatch**; implemented **security alert monitoring** and **incident response procedures** to detect and remediate unauthorized payment flows within **15 minutes**.
- Coordinated **Change Management** processes for system configuration updates and security patches; collaborated with banking-domain stakeholders and **Change Advisory Board (CAB)** to validate **GDPR** and regulatory compliance across payment message processing and audit trails.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
