PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided first-line technical support for **hardware, software, and network issues** across 350+ retail sites, resolving ~45 tickets daily.
- Monitored production systems using **Splunk and Dynatrace**, providing real-time status updates and professional communication during critical outages.
- Troubleshoot and diagnosed problems with **EPOS systems and peripheral devices**, determining severity and priority to ensure timely resolution.
- Created and maintained comprehensive **knowledge base articles and problem resolution documentation** to assist end-users and support teams.
- Supported on-site and remote users across multiple locations, including **new starter/leaver requests** and configuration changes within defined SLAs.
- Collaborated with third-party service providers and internal **Development, Network, and Systems teams** to escalate and resolve complex IT issues.
- Managed IT systems for new building fit-outs and office moves, including **network patching and cabling** and endpoint configuration.

SKILLS

Operating Systems – Windows, Linux, macOS

Core Applications – Office 365, Active Directory, Citrix, Avaya

Hardware Support – EPOS Systems, Printers, Biometrics, VOIP Phones

Networking – DNS, DHCP, Network Patching, Cabling, Cisco Routers/Switches

ITSM Tools – ManageEngine, Jira Service Desk, Ticketing Systems

Cloud & Virtualization – AWS, Docker, Google Cloud

Databases & Scripting – SQL, Python, Shell Scripting

PROJECTS

Retail Estate EPOS System Support Enhancement

- Streamlined support for over 350 retail EPOS systems by developing standardized troubleshooting guides for common hardware and software failures.
- Implemented a proactive monitoring script using **Python** to detect potential EPOS system issues before they impacted operations, reducing critical incidents by 15%.
- Collaborated with **third-party vendors** to expedite hardware replacements and software patches, ensuring minimal downtime for retail operations.

Internal IT Systems & Documentation Platform

- Developed a centralized knowledge base using **Confluence** to document IT support procedures, common issue resolutions, and system configurations for the service desk team.
- Automated new starter and leaver request processing by scripting common tasks in **Python** and integrating with **Active Directory**, reducing manual effort by 30%.
- Supported the rollout of new user hardware and software across corporate offices, ensuring seamless integration and user adoption.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
