PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the incident queue for validated laboratory systems, resolving Level 1 and Level 2 issues within defined SLAs at HCL Technologies.
- Provided front-line support to laboratory users, troubleshooting system errors and collaborating with vendor and global teams for issue resolution.
- Acted as the primary on-site point of contact for the Laboratory System Helpdesk, liaising with global teams on various system challenges at HCL Technologies.
- Supported system content deployment and conducted end-user training sessions for laboratory applications, ensuring smooth adoption and functionality.
- Performed periodic user reviews and audit trail reviews for local laboratory applications, maintaining compliance and system integrity within a regulated environment.
- Managed daily operational tasks and resolved issues for enterprise applications using **Splunk** and **Dynatrace** for monitoring and analysis at HCL Technologies.
- Automated routine data validation and reporting tasks using **Python scripting**, reducing manual effort by approximately **18%**.

SKILLS

Domain – GMP Essential Labware, LIMS, Pharmaceutical API manufacturing, Regulated environment, Quality Control laboratory systems, Manufacturing and Supply Chain

Operating Systems – Microsoft Windows Operating Systems (Windows 7, Windows Server 2003/2008)

Support Tools – Ticketing Systems, Helpdesk, Jira, Confluence, Splunk, Dynatrace, CloudWatch

Scripting & Automation – Python, Shell Scripting

Databases – SQL, PostgreSQL, MySQL, Oracle

Programming – Java, Spring Boot, REST APIs

Cloud & Containerization – AWS (EC2, S3, Lambda, CloudWatch), Docker

PROJECTS

Laboratory System Support Automation (HCL Technologies)

- Developed **Python scripts** to automate routine checks and data collection for laboratory systems, streamlining the diagnostic process for common issues.
- Created a **shell script**-based reporting tool that aggregated system health metrics from log files, providing an overview for the support team.
- Implemented basic logging and error handling within automation scripts to improve traceability and debugging of support tasks.

Enterprise Application Monitoring Enhancement (HCL Technologies)

- Configured **Splunk** dashboards to provide real-time visibility into application performance and error rates for critical enterprise systems.
- Assisted in setting up alerts in **Dynatrace** for key performance indicators, enabling proactive incident response for a team of 5 engineers.
- Documented standard operating procedures for incident triage and escalation based on monitoring data, standardizing response workflows.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
