PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the **day-to-day operation** of enterprise systems and **network infrastructure**, ensuring **seamless user access** to critical applications.
- Provided **technical support** to users with varying levels of PC proficiency, resolving hardware, software, and network issues to maintain productivity.
- Configured and maintained **server hardware**, including **Windows Servers (2019, 2022)**, ensuring optimal performance and reliability for the organization.
- Administered **Active Directory** and **Microsoft Exchange Online**, managing user accounts, mailboxes, and group policies to support business operations.
- Resolved end-user issues related to **Microsoft Office 365** and other **server application software**, minimizing disruption and improving user experience.
- Set up, configured, and maintained **WAN communication links** across diverse technologies, ensuring stable and efficient connectivity for dispersed network environments.
- Collaborated with **external suppliers** and managed **vendor contracts** for IT equipment and services, ensuring timely delivery and cost-effectiveness.

SKILLS

Operating Systems – Windows Server 2016, 2019, 2022, 2025, Windows 10, Windows 11, Linux

Core Infrastructure – Active Directory, Microsoft Exchange, Exchange Online, Microsoft SQL 2014/2016, Microsoft Office, Microsoft Office 365, PBXs, VoIP systems

Networking – LAN/WAN, Routers, Firewalls, Telecommunications Equipment, Mobile Phones

Hardware – Servers, Personal Computers, Laptops, Printers, SAN technology

Cloud & Virtualization – Citrix Cloud, Microsoft Cloud Technologies

IT Support Tools – Ticketing Systems, Escalation Procedures, Vendor Management

PROJECTS

Enterprise Application Support & Reliability Enhancement

- Provided **production support** for enterprise **Java/.NET applications**, diagnosing and resolving P1/P2 incidents across monitoring platforms like **Splunk** and **Dynatrace**.
- Automated routine reporting tasks and data validation processes using **Python scripting**, reducing manual effort by approximately **15 hours per week**.
- Managed **change-control processes** for system configurations and coordinated User Acceptance Testing (UAT) for critical updates to interconnected business systems.

Network & User Infrastructure Upgrade

- Upgraded **Microsoft SQL Server 2014** instances to **SQL Server 2016** across multiple development and testing environments, ensuring compatibility with updated application versions.
- Configured and deployed new **Windows 11** workstations for a team of 20 users, including software installation and network profile setup, completing the rollout within **3 business days**.
- Assisted in the setup and configuration of a new **VoIP system**, integrating it with the existing PBX infrastructure to support enhanced communication capabilities.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
