PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Administered user accounts and group memberships within **Active Directory** and **Azure AD / Microsoft Entra ID**, managing ~1,500 endpoints.
- Configured and deployed new workstations, ensuring proper installation of **Windows Client and Server Operating Systems** and essential **Microsoft Office applications**.
- Provided first-level technical support for end-users, troubleshooting issues related to hardware, software, and network connectivity via a **ticketing system**.
- Assisted with the rollout and configuration of new devices and hardware, ensuring seamless integration into the existing IT infrastructure.
- Supported end-users with **AV and meeting room solutions**, resolving connectivity and operational issues to maintain meeting functionality.
- Executed scheduled **endpoint patching** procedures across the user base, ensuring systems were up-to-date with security and software updates.
- Participated in **ITIL processes** for incident management and change control, documenting issues and resolutions within the service desk platform.

SKILLS

Core IT Support – Active Directory, Azure AD / Microsoft Entra ID, Windows Client, Windows Server, Microsoft Office, Endpoint Patching, AV Support, Meeting Room Solutions

IT Service Management – ITIL Processes, Ticketing Systems, Service Desk Tools, Incident Management, Change Control

Operating Systems – Windows Client, Windows Server, Linux

Cloud Platforms – Azure AD / Microsoft Entra ID

Productivity Suites – Microsoft Office Applications

PROJECTS

Enterprise Workstation Deployment and Imaging

- Developed and refined a standardized imaging process for Windows workstations using tools like **MDT (Microsoft Deployment Toolkit)**, reducing deployment time by 40%.
- Configured and maintained Active Directory Group Policies to enforce security standards and deploy software packages automatically to user machines.
- Collaborated with IT operations to integrate new hardware models into the imaging process, ensuring compatibility with existing infrastructure.

End-User Support & Troubleshooting Workflow Enhancement

- Streamlined the incident resolution process by creating a knowledge base of common issues and solutions within the **Jira Service Desk** platform.
- Assisted end-users with a range of technical problems, including O365 administration, printer issues, and basic network connectivity diagnostics.
- Documented support procedures and best practices for the IT service desk team, improving consistency in user assistance.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
