PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided **hardware and software support** for desktops, laptops, and printers, resolving **~85% of support requests** before escalation to senior engineers.
- Implemented and modified **existing applications** based on user-reported needs and evolving business requirements, ensuring seamless integration with core systems.
- Ensured all **desktop and laptop hardware** were patched and updated to the latest available security levels, reducing potential system vulnerabilities by an estimated **30%**.
- Managed the full lifecycle of user queries within the **incident logging system**, meticulously updating ticket statuses and ensuring clear communication throughout the resolution process.
- Conducted follow-up interactions with users to confirm resolution of their needs, achieving a **92% user satisfaction rate** on resolved tickets.
- Supported and integrated with **enterprise-level systems** and operational platforms, coordinating change control management for system configuration updates.
- Analyzed system logs using **Splunk and CloudWatch** to diagnose and resolve production issues, contributing to maintaining service level agreements.

SKILLS

Support – Technical Support, Hardware Support, Software Support, IT Support, Incident Logging, Problem-Solving, Communication Skills, Interpersonal Skills.

Operating Systems – Windows, Linux.

Hardware – Desktops, Laptops, Printers.

Software & Applications – MS Office Support, Application Implementation, Application Modification.

Tools & Technologies – Splunk, CloudWatch, Jira, Confluence, Git, Jenkins.

Programming & Scripting – Python, Java, SQL.

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch).

PROJECTS

Enterprise System Rollout and Support (HCL Technologies)

- Managed the phased rollout of new **desktop and laptop hardware** across a 500-user department, including OS imaging and core application deployment.
- Developed **Python scripts** to automate the configuration of new user accounts and software installations, reducing manual setup time by **40%**.
- Provided post-implementation technical support for the new systems, addressing user queries and resolving **hardware and software issues** within defined SLAs.

IT Service Improvement Initiative (HCL Technologies)

- Analyzed incident logs in **Jira Service Desk** to identify recurring issues with enterprise applications and recommended targeted solutions.
- Created comprehensive **runbooks and knowledge base articles** for common hardware and software support tasks, enabling faster resolution by the wider support team.
- Collaborated with cross-functional teams to ensure all **systems were patched and up-to-date**, contributing to a more secure IT environment.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
