PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Supported **senior engineers** and **project managers** in the delivery of the Drogheda WWTP upgrade project, ensuring adherence to project timelines and scope.
- Assisted with **engineering design reviews**, technical documentation, and drawings, contributing to project planning and execution phases.
- Participated in site activities including inspections, surveys, and **construction support** for the wastewater treatment plant upgrade.
- Coordinated with subcontractors, suppliers, and internal EPS teams to facilitate seamless project operations and material procurement.
- Assisted with the development of **method statements**, risk assessments, and compliance documentation for site operations.
- Supported monitoring of project progress, schedules, and quality standards, contributing to timely project completion.
- Maintained accurate **project records and reports**, ensuring all project data was up-to-date and accessible for review.

SKILLS

Engineering Disciplines – Civil Engineering, Mechanical Engineering, Electrical Engineering, Environmental Engineering, Wastewater Treatment, Water Infrastructure

Project Management Tools – MS Project, AutoCAD, Primavera P6

Documentation & Compliance – Method Statements, Risk Assessments, Health & Safety, Environmental Standards, Quality Standards, Technical Documentation

Software & Tools – Microsoft Office Suite, MS Excel, MS Word, MS PowerPoint

Core Competencies – Communication Skills, Organisational Skills, Teamwork, Initiative, Problem-Solving

PROJECTS

Drogheda WWTP Upgrade Support

- Provided support to the project engineering team for the Drogheda Wastewater Treatment Plant Upgrade, assisting with the review of technical documentation and design specifications.
- Contributed to the preparation of compliance documentation, including risk assessments and method statements, ensuring adherence to site-specific safety and environmental standards.
- Assisted in coordinating with subcontractors and internal teams to track progress and maintain quality standards throughout the construction phase.

Wastewater Infrastructure Project Analysis

- Analyzed data related to wastewater treatment processes and infrastructure performance, identifying areas for operational improvement.
- Supported the development of reports on project progress and quality metrics, contributing to the overall project delivery cycle.
- Gained familiarity with Irish health and safety requirements within the context of infrastructure projects.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
