PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed and maintained a fleet of **50+ printers** across multiple office floors, ensuring daily operational readiness for **~200+ users**.
- Conducted weekly **preventative maintenance** on all printer devices, including cleaning, calibration, and firmware checks, reducing critical failures by **15%**.
- Performed regular **stock checks** for toners and replacement parts, placing orders that ensured an average of **3 weeks** of supply was always on hand.
- Prepared and delivered comprehensive **weekly status reports** to client IT management and internal facilities teams, detailing device status, maintenance performed, and supply levels.
- Supported **post room operations**, including managing binding, laminating, franking machines, and coordinating courier bookings for outgoing mail.
- Handled **print job management** for onsite staff and responded to post room inquiries, providing timely assistance to resolve printing issues.
- Assisted the **facilities team** with flexible ad-hoc tasks as required, ensuring smooth day-to-day office operations and covering for the Post Room Manager during absences.

SKILLS

Printer Management – Device Maintenance, Toner Stock Management, Preventative Maintenance, Print Job Management

IT Support – Troubleshooting, End-User Support, Client Communication, Reporting

Facilities Support – Post Room Operations, Binding, Laminating, Courier Booking, Mail Handling

Operational Skills – Reliability, Punctuality, Adaptability, Multitasking, Attention to Detail

Tools – Jira, Confluence, Splunk, Dynatrace, AWS (EC2, S3, CloudWatch), Linux Shell Scripting, Jenkins

PROJECTS

Enterprise Printer Fleet Optimization (HCL Technologies)

- Implemented a standardized **preventative maintenance schedule** for over 100 enterprise printers, reducing unscheduled downtime by approximately **20%** over six months.
- Developed a Python script to automate **toner and parts inventory tracking**, streamlining the reordering process and reducing stock-outs by **30%**.
- Created detailed **operational runbooks** for common printer issues, enabling the support team to resolve an additional **10%** of tickets at the first level.

Customer Communication Platform Enhancement (HCL Technologies)

- Contributed to the development of a **Java Spring Boot** application that managed client communication workflows, enhancing the platform's ability to handle status updates.
- Wrote **SQL queries** against PostgreSQL databases for data validation and reporting related to client interactions, ensuring data integrity for over **5,000 client records**.
- Participated in **Agile ceremonies**, including daily stand-ups and sprint reviews, to ensure timely delivery of features for the financial services client dashboard.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS
