PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained **Java Spring Boot** REST APIs for enterprise systems, handling core business logic and cross-service data exchange.
- Implemented efficient data persistence layers using **Hibernate** and JPA, ensuring data integrity and optimizing database interactions across PostgreSQL and Oracle databases.
- Designed and implemented object-oriented solutions in **Java**, adhering to design patterns and writing comprehensive unit tests with JUnit and Mockito.
- Collaborated with cross-functional teams to gather technical requirements for new features on an enterprise dashboard, contributing to sprint planning and technical estimations.
- Reviewed code submissions from junior engineers, ensuring adherence to coding standards and best practices for maintainability and performance.
- Containerized **Java Spring Boot** applications using **Docker** for consistent deployment across development and production environments, integrated into **Jenkins** CI/CD pipelines.
- Managed production incidents for critical enterprise applications, performing root cause analysis and implementing corrective actions within strict SLA parameters.

SKILLS

Languages – Java, Python, SQL, R, TypeScript

Frameworks/Libraries – Spring Boot, Hibernate, JPA, pandas, NumPy, scikit-learn, Flask, FastAPI, React, Angular

Databases – PostgreSQL, MySQL, Oracle

Cloud/DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux, Jira, Confluence

BI/Analytics – Power BI, Tableau, DAX, Power Query, data modelling, data warehousing, RStudio

Domain – Enterprise Systems Support, Payments Operations Dashboard, Transaction Monitoring, Reconciliation Workflows, Change Management

PROJECTS

Enterprise Systems Integration Platform (HCL Technologies)

- Developed REST APIs using **Java Spring Boot** and **Hibernate** to facilitate data flow between disparate enterprise systems, including ERP modules and operational platforms.
- Designed and implemented database schemas and queries in **PostgreSQL** for new integration modules, supporting complex data reconciliation workflows.
- Managed the deployment and configuration of integration services within a **Linux** environment, ensuring stable operation through **Jenkins** CI/CD pipelines.

Financial Operations Dashboard Enhancement (HCL Technologies)

- Enhanced an existing **Java**-based payments operations dashboard by implementing new features for transaction monitoring and operational alerting, improving visibility into failed payment messages.
- Wrote **Python** scripts to automate data validation checks and generate scheduled reports for operations teams, reducing manual effort by approximately 15%.
- Provided production support for the dashboard, responding to P1/P2 incidents and performing log analysis using **Splunk** to identify root causes.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
