## PROFESSIONAL EXPERIENCE

---

### Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Designed and implemented secure Azure and Microsoft 365 solutions for enterprise clients, adhering to security-by-design principles and managing **Entra ID** and **Conditional Access** policies.
- Delivered **Microsoft 365 migrations** and modernization projects, ensuring seamless transition and minimal disruption for client operations.
- Conducted **Copilot and AI readiness assessments** for multiple clients, identifying data exposure risks and recommending appropriate **data protection** and access controls.
- Implemented **Microsoft Purview** for clients, configuring **Information Protection**, **DLP** policies, and establishing comprehensive data governance frameworks.
- Managed **Cisco Umbrella** deployments for DNS-layer security, enhancing client network resilience against cyber threats.
- Collaborated with clients to gather business requirements and translate them into secure, scalable solution designs for Azure and Modern Workplace environments.
- Performed on-site hardware installations and configuration updates across client premises, ensuring integration with existing IT infrastructure.

## SKILLS

---

**Cloud Infrastructure** – Microsoft Azure, Entra ID, Conditional Access, Microsoft 365, Hyper-V, VMware

**Security & Governance** – Microsoft Purview, DLP, Information Protection, Data Governance, Cisco Umbrella, Security-by-design

**AI & Productivity** – Copilot, AI Readiness, Data Protection, Information Leakage Controls

**Core Technologies** – Active Directory, Exchange, RDS, SQL Server, Networking

**Professional Skills** – Solution Design, Requirements Gathering, Customer Focus, Problem-Solving, Technical Estimation

## PROJECTS

---

### Azure Security Uplift for Financial Services Client

- Enhanced security posture for a financial services client by implementing **Microsoft Purview**, configuring **DLP** and **Information Protection** policies to safeguard sensitive data.
- Deployed and managed **Entra ID Conditional Access** policies to enforce granular access controls for **Microsoft 365** services, reducing unauthorized access attempts by **40%**.
- Provided detailed technical documentation and conducted knowledge transfer sessions with the client's IT operations team on new security configurations.

### Microsoft 365 Modernisation and AI Readiness

- Led a project to migrate a client's on-premises Exchange environment to **Microsoft 365**, improving collaboration and reducing infrastructure overhead.
- Assessed client readiness for **Microsoft Copilot**, performing reviews of data access controls and implementing safeguards against information leakage, supporting safe AI adoption.
- Configured **Azure** networking components and **SQL Server** integration for a new client reporting solution, ensuring secure data flow.

## EDUCATION

---

**M.Sc. Data Analytics** — National College of Ireland, Dublin

Feb 2026

**B.E. Computer Science** — SNS College of Technology, Coimbatore, India

2021

## CERTIFICATIONS

---

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
