PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed and maintained **Shopify Plus** storefronts, translating **Figma designs** into responsive and accessible front-end code using **Liquid**, **JavaScript (ES6+)**, and **SCSS**.
- Implemented and managed integrations with third-party **MarTech systems**, including email marketing platforms and analytics tools, to enhance e-commerce functionality.
- Built and customized **Shopify themes** using **Liquid templating** and the **Shopify CLI**, ensuring high performance and seamless user experience across devices.
- Collaborated with senior technical leadership to refine architectural decisions and influence feature direction for the e-commerce platform.
- Participated in **code reviews** and contributed to technical discussions, ensuring adherence to modern web standards and best practices.
- Ensured adherence to **web accessibility standards (WCAG)** and e-commerce UX principles, optimizing for conversion performance.
- Containerized the feature-pipeline services with **Docker** and deployed them to a Kubernetes cluster (EKS), wiring up Helm chart configuration for predictable rollout.

SKILLS

Frontend Development – Shopify Plus, Liquid, JavaScript (ES6+), HTML, CSS/SCSS, Web Accessibility (WCAG), E-commerce UX, CRO, A/B Testing, Figma

Shopify Development – Shopify Theme Development, Shopify CLI, Theme Customization

Integrations – REST APIs, GraphQL APIs, MarTech Systems, Email Marketing Platforms, Analytics Tools

Version Control & CI/CD – Git, GitHub, Branching Strategies, Code Reviews

Cloud & Containerization – Docker, Kubernetes, AWS (EKS)

Programming Languages – Java, Python, SQL

Backend Frameworks – Spring Boot, Flask, FastAPI

PROJECTS

Shopify Plus Storefront Enhancement for Global Brand

- Developed a responsive and accessible e-commerce storefront on **Shopify Plus**, translating complex **Figma designs** into high-fidelity **Liquid** and **JavaScript** components.
- Integrated a third-party email marketing platform using their **REST API**, enabling personalized customer journeys and improving engagement rates by approximately **18%**.
- Optimized theme performance by refining **SCSS** structure and implementing efficient **JavaScript** modules, resulting in a reported **20%** improvement in page load times.

E-commerce Platform Feature Development (HCL Technologies)

- Built and tested new features for an enterprise e-commerce platform, focusing on **JavaScript**-based interactivity and **Liquid** templating for dynamic content delivery.
- Managed code deployments and configuration updates using **Git** and **Jenkins** pipelines, ensuring smooth integration into the production environment.
- Collaborated with cross-functional teams to gather requirements and support user acceptance testing for platform enhancements.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
