PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the IT Support queue, processing an average of **50+ tickets daily** and ensuring timely resolution for enterprise clients.
- Provided on-site IT support to client locations across Dublin, resolving hardware, software, and network issues for end-users.
- Took ownership of escalated IT issues, collaborating with internal SMEs and third-party vendors to achieve resolution within **SLAs**.
- Documented and refined IT support processes and procedures, contributing to a **15% increase** in first-contact resolution rates for the service desk team.
- Installed, configured, and maintained user software, operating systems (**Windows Server, macOS**), and communication equipment.
- Administered and supported the **Office 365** environment, including user account management, mailbox configuration, and SharePoint site administration.
- Performed **server and laptop setups** and repairs, ensuring all devices met company standards and security policies prior to deployment.

SKILLS

Cloud Infrastructure – Azure, Office 365 Administration, M365

Server & Networking – Server Administration, Active Directory, Networking

IT Support Tools – IT Support Queue Management, Ticketing Systems, Endpoint Management

PROJECTS

Enterprise Client IT Infrastructure Support

- Provided comprehensive IT support for a key financial services client, managing their on-premise servers and network infrastructure.
- Resolved P1/P2 incidents related to core Java applications and integrated ERP systems, ensuring minimal disruption to operations.
- Automated routine system checks and reporting using **Python scripting**, reducing manual effort by approximately **10 hours per week**.

Office 365 Migration and Support

- Supported the migration of over 200 users to the **Office 365** platform, assisting with mailbox transfers and client configuration.
- Developed user guides and conducted training sessions on new O365 features, improving user adoption and reducing support tickets by **20%**.
- Managed and troubleshooted **Active Directory** synchronization issues between on-premise and cloud environments.
