PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed and supported **Microsoft 365 environments** including Exchange Online, SharePoint Online, and Teams, ensuring high availability for core business functions.
- Administered hybrid infrastructure encompassing **Active Directory**, Azure AD (Entra ID), and on-premise Exchange, maintaining seamless user authentication and access control.
- Automated routine system administration tasks using **PowerShell scripting**, reducing manual intervention for tasks such as user provisioning and report generation by approximately **30%**.
- Provided **Level 3 support** for critical enterprise applications, acting as an escalation point and resolving complex technical issues to meet defined SLAs.
- Led system upgrade projects for key business applications, ensuring minimal disruption and successful migration to updated versions or cloud platforms.
- Developed and maintained **comprehensive technical documentation** and training materials for IT support processes and system configurations, facilitating knowledge sharing.
- Collaborated with cross-functional teams on change initiatives, ensuring smooth implementation of new systems and features within the IT infrastructure.

SKILLS

Microsoft 365 – Exchange Online, SharePoint Online, Teams, OneDrive, Intune, Power Platform

Cloud & Hybrid Infrastructure – Entra ID (Azure AD), Active Directory, ADFS, Group Policy, Azure AD Connect

Automation & Scripting – PowerShell, Power Platform, Logic Apps

System Administration – On-premise Exchange, On-premise SharePoint, Device Lifecycle Management, Microsoft Endpoint Manager (Intune)

IT Support & Operations – Level 3 Support, Incident Management, SLA Management, Vendor Management, ITIL Frameworks

Documentation & Compliance – Technical Documentation, IT Governance, Audit Support

PROJECTS

M365 Environment Optimization and Automation

- Engineered PowerShell scripts to automate the onboarding and offboarding processes for **Microsoft 365 users**, reducing setup time by **40%** and improving consistency.
- Implemented advanced configurations for **Intune** to manage device compliance and application deployment across a fleet of **500+ devices**, ensuring security standards were met.
- Developed a custom Power Automate flow to streamline the approval process for software requests, integrating with SharePoint lists and email notifications.

Hybrid Identity and Access Management Enhancement

- Configured and managed **Azure AD Connect** to synchronize on-premise Active Directory with Entra ID, ensuring consistent user identities across hybrid environments for over **1,500 users**.
- Refactored Group Policy Objects (GPOs) to align with modern security best practices and improve management efficiency for critical Windows settings.
- Provided Level 3 troubleshooting for complex authentication issues related to ADFS and federated services, resolving an average of **5 critical incidents per month**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
