PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Configured and managed **Microsoft Entra ID (Azure AD)** for identity governance, conditional access, and MFA across **5000+ user accounts**.
- Implemented **Privileged Identity Management (PIM)** and role-based access controls, reducing unauthorized access attempts by **40%**.
- Deployed and managed **Microsoft Intune** for device compliance, application deployment, and endpoint configuration for a fleet of **1200+ devices**.
- Configured and managed **Microsoft Defender XDR** solutions, including Defender for Endpoint and Defender for Office 365, to monitor and respond to security alerts.
- Led investigations for **security incidents**, analyzing logs from **Microsoft Sentinel** and other SIEM tools to provide remediation strategies and root cause analysis.
- Maintained detailed documentation for configurations, policies, and procedures, developing **runbooks** that reduced incident resolution time by **15%**.
- Researched and applied best practices for securing Azure resources, including network security groups and firewalls, aligning with **Zero Trust principles**.

SKILLS

Identity & Access Management – Microsoft Entra ID (Azure AD), PIM, MFA, Role-Based Access Controls, Zero Trust

Endpoint Management – Microsoft Intune, Device Compliance, Application Deployment

Security Operations – Microsoft Defender XDR, Defender for Endpoint, Defender for Office 365, SIEM, Security Alerts, Incident Response, Threat Evaluation

Cloud Security – Azure Security, Network Security Groups, Firewalls, Encryption

ITSM & Support – ITIL, Incident Management, Service Request Management, Problem Management, Change Management, Knowledge Management, Runbooks, Level 3 Support

Operating Systems & Scripting – Linux, Shell Scripting, Python

PROJECTS

Enterprise Identity and Access Management Overhaul

- Re-architected identity and access management workflows for a financial services client using **Microsoft Entra ID (Azure AD)**, implementing granular conditional access policies.
- Developed and deployed **Privileged Identity Management (PIM)** solutions to control and audit access to sensitive Azure resources, ensuring compliance with internal security standards.
- Integrated **MFA** across all user accounts, significantly enhancing the security posture and reducing the risk of account compromise for over 4,000 users.

Endpoint Security and Compliance Program

- Implemented and managed **Microsoft Intune** to enforce device compliance policies and deploy security configurations across a large corporate fleet, supporting **1000+ endpoints**.
- Configured **Microsoft Defender for Endpoint** to provide advanced threat detection, investigation, and response capabilities, reducing the time to detect and contain threats by **20%**.
- Created comprehensive **SOPs and runbooks** for endpoint security incident response, enabling faster triage and resolution by the Level 2 support team.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
