PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the end-to-end delivery of medium-scale built infrastructure projects, coordinating design, analysis, and site visits across **civil engineering** initiatives.
- Oversaw structural analysis and modelling processes, ensuring high-quality technical output for **building and infrastructure projects** using industry-standard software.
- Collaborated with clients, architects, and contractors to ensure successful project outcomes, acting as a key technical liaison throughout project lifecycles.
- Mentored and supported **junior engineers and technicians**, fostering their technical development and contributing to team growth initiatives.
- Developed and maintained project timelines and budgets, ensuring efficient resource allocation and timely completion of deliverables across multiple assignments.
- Performed occasional **site visits** to monitor construction progress, resolve technical issues, and verify adherence to design specifications.
- Containerised core Java Spring Boot services with **Docker** and deployed to an AWS EKS cluster, managing CI/CD pipelines via Jenkins for streamlined application updates.

SKILLS

Engineering – Civil Engineering, Structural Engineering, Infrastructure Projects, Site Visits, Technical Output

Design – Structural Design, Design Specifications, Analysis, Modelling

Project Management – Project Timelines, Budget Management, Deliverables, Resource Allocation

Software & Tools – AutoCAD, Revit, BIM, MS Office, Splunk, Dynatrace, Jenkins, Git, Jira, Confluence

Programming & Scripting – Java, Spring Boot, Python, SQL, Docker

Cloud & DevOps – AWS, EC2, S3, Lambda, CloudWatch, Kubernetes (EKS)

PROJECTS

Structural Analysis of a High-Rise Commercial Building

- Executed detailed structural analysis and finite element modelling for a 20-story commercial building using **Revit** and **AutoCAD**.
- Managed project timelines and technical documentation, ensuring compliance with all relevant **building codes** and design standards.
- Contributed to the design phase by providing analysis reports and resolving structural queries for the client's architectural team.

Development of an Automated Reporting Dashboard for Infrastructure Projects

- Developed Python scripts to automate the extraction and aggregation of project status data from various sources, including **Jira** and internal databases.
- Built interactive dashboards using **Power BI** to visualize project progress, budget adherence, and key performance indicators for stakeholders.
- Implemented automated data refresh mechanisms and scheduled reporting to provide real-time project insights, reducing manual reporting effort by **40%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
