PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided technical guidance and mentorship to a team of 3 junior developers on **Gosu** programming language best practices for integration development.
- Designed and implemented integration components using the **Guidewire Integration Framework**, ensuring alignment with complex business requirements and overall system architecture.
- Developed and debugged **Gosu** code for complex insurance workflows, delivering functional enhancements and resolving critical production issues.
- Translated intricate business needs into technical specifications for integration solutions, effectively communicating feasibility to both technical and non-technical stakeholders.
- Conducted comprehensive code reviews for integration components, maintaining high standards of quality and ensuring adherence to architectural patterns.
- Troubleshoot and resolved high-stakes enterprise software issues within the Guidewire platform, performing root cause analysis and implementing effective solutions.
- Containerized integration services using **Docker** and managed deployments on **AWS EC2** instances, improving environment consistency and deployment speed.

SKILLS

Core Technologies – Gosu, Guidewire InsuranceSuite, Guidewire Integration Framework

Programming Languages – Java, Python, SQL

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

Databases – PostgreSQL, MySQL, Oracle

Tools & Methodologies – Jenkins, Git, Jira, Confluence, Docker, Agile/Scrum

Analytics & BI – Power BI, Tableau, R, pandas, scikit-learn

PROJECTS

Guidewire Gosu Integration for Policy Management

- Developed custom **Gosu** scripts to automate policy renewal processes within the **Guidewire PolicyCenter** module, reducing manual effort by approximately **30%**.
- Designed and implemented integration points between **Guidewire** and a third-party CRM system using REST APIs, facilitating seamless data flow for customer interactions.
- Authored technical documentation and provided knowledge transfer sessions on the implemented **Gosu** solutions to the operations team.

Integration Framework Enhancement for Claims Processing

- Extended the **Guidewire Integration Framework** to support new data fields required for complex claims adjudication, improving data accuracy for financial reporting.
- Built unit tests using **JUnit** for Java components and conducted integration testing to ensure the stability and performance of the claims processing workflows.
- Collaborated with business analysts to refine requirements for enhanced claims data capture and integration, ensuring solutions met evolving regulatory needs.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
