PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Made time-sensitive decisions regarding shipment schedules and readiness to ship/receive for parenteral medicines, ensuring compliance with **GMP requirements** and **shipping industry standards**.
- Collaborated with internal departments and external manufacturing partners to forecast, create, and execute shipment schedules, accommodating **ad-hoc ship requests** to support operations.
- Managed manufacturing schedules and requirements across IOPS, EM, and CMOs, ensuring timely shipment of materials, components, and samples.
- Resolved errors and questions on critical documentation by communicating directly with CMOs and 3PL storage locations, eliminating delays in the supply chain.
- Led cross-functional meetings with internal stakeholders and external CMOs to drive on-time shipment schedule adherence and improve **supply chain efficiency**.
- Prepared reports and analyzed data related to critical databases, making recommendations for proactive business operations and KPI improvement.
- Authored and revised **SOPs and Work Instructions** as the designated 'Shipment Requestor', 'Author', and 'Field Verifier' for the External Manufacturing team.

SKILLS

Core Competencies – Supply Chain Management, Logistics Analysis, Production Scheduling, GMP, Quality Systems, Data Analysis, Reporting, Process Improvement, Cross-functional Collaboration, Stakeholder Management, Active Listening, Problem-Solving, Adaptability.

Software & Tools – Microsoft Excel, Microsoft PowerPoint, Microsoft Word, SharePoint, Box, eRoom, Jira, Confluence, Splunk, Dynatrace, CloudWatch.

Programming & Scripting – Python, Java, SQL.

Databases – PostgreSQL, MySQL, Oracle.

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch).

BI & Data Visualization – Power BI, Tableau, DAX, Power Query.

PROJECTS

Supply Chain Data Analytics Dashboard

- Developed a **Power BI dashboard** to visualize key supply chain metrics for external manufacturing logistics, providing insights into on-time delivery rates and potential bottlenecks.
- Extracted and transformed data from multiple sources including ERP systems and logistics partner logs using **Power Query**, ensuring data integrity for reporting.
- Applied **DAX measures** to calculate KPIs such as shipment adherence, lead times, and inventory accuracy, enabling stakeholders to make data-informed decisions.

Automated Production Reporting Tool (HCL Technologies)

- Engineered a **Python script** to automate the generation of daily production status reports for enterprise systems, consolidating data from **PostgreSQL** and **Oracle** databases.
- Implemented scheduled execution of the reporting script using **cron jobs** on a Linux environment, reducing manual reporting effort by approximately 8 hours per week.
- Designed the report output in a format easily consumable by operations teams, improving the speed of issue identification and resolution for production incidents.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
