PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Assisted in the **planning and coordination** of construction project activities, tracking progress against key milestones and reporting any potential delays or risks to the senior project manager.
- Supported the **sequencing of works** between various subcontractors and trades on site, ensuring efficient workflow and adherence to the project schedule.
- Coordinated **site logistics** and resource allocation, liaising with clients, consultants, engineers, and suppliers to facilitate smooth project execution.
- Attended and documented **project meetings**, meticulously capturing minutes and following up on assigned action items to ensure accountability and timely resolution.
- Assisted in **cost control and expenditure tracking** by monitoring project budgets and liaising with Quantity Surveyors to manage financial aspects of the construction projects.
- Conducted regular **site visits** to monitor progress, verify quality of work against drawings and specifications, and ensure compliance with all established standards.
- Maintained accurate and organized **project documentation** and records, including site reports, inspection logs, and compliance forms for senior management review.

SKILLS

Project Management – Planning, Coordination, Scheduling, Risk Management, Progress Tracking, Site Logistics, Subcontractor Management, Cost Control, Budgeting, Change Orders, Quality Assurance, Health and Safety Compliance, Documentation Management, Progress Reporting, Project Management Systems

Software & Tools – Microsoft Excel, Microsoft Word, Microsoft Project, BIM, Autodesk Revit

Construction Domain – Construction Drawings, Specifications, Site Inspections, Audits, Regulatory Compliance

Core Competencies – Organisational Skills, Time Management, Communication, Teamwork, Attention to Detail, Problem-Solving

General IT – Jira, Confluence, Git

PROJECTS

Construction Project Support Initiative (HCL Technologies)

- Supported the execution of a large-scale construction project by managing daily site activities, coordinating with a team of 15 subcontractors, and ensuring adherence to a 24-month project timeline.
- Assisted in tracking project expenditures against an initial budget of €5M, identifying cost-saving opportunities that contributed to a **4% reduction in overall project spend**.
- Documented all site progress reports and safety compliance checks, maintaining a central repository of project documentation that facilitated a smooth handover to the operations team.

Site Operations and Logistics Optimization (HCL Technologies)

- Developed a streamlined process for site logistics and material delivery scheduling, reducing average delivery delays by **15%** through improved coordination with suppliers and on-site teams.
- Participated in regular client and consultant meetings, taking minutes and ensuring that all action items related to site operations were addressed within the agreed-upon timeframes.
- Contributed to the development of a standardized site inspection checklist that improved the consistency of quality and safety reporting across multiple project phases.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS
