PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Responded to ~**150-200** end-user technical support requests per week via chat, email, and phone, diagnosing and resolving common hardware, software, and connectivity issues.
- Documented **all incidents and service requests** in the ticketing system, including troubleshooting steps and resolution outcomes, ensuring accurate record-keeping and knowledge base contribution.
- Supported **user access and account management** for onboarding, role changes, and offboarding activities, adhering to established access control processes and security protocols.
- Monitored the **Service Desk ticket queue** and identified situations requiring urgent attention, escalating outages and security-related issues promptly per established procedures.
- Provided **first-level technical support** for macOS and Apple hardware, troubleshooting common end-user issues related to operating system, applications, and peripherals.
- Assisted in the setup and basic troubleshooting of devices using **MDM (Mosyle)**, contributing to efficient device enrolment and user support within the macOS environment.
- Prepared and delivered regular **activity updates and basic reporting** to the IT support team, providing insights into support trends and resolution times.

SKILLS

Operating Systems – macOS, Linux

Productivity Software – Microsoft 365 (Outlook, Teams, OneDrive, SharePoint)

IT Support Tools – Ticketing Systems (Jira Service Management), MDM (Mosyle), Service Desk

Networking – Wi-Fi, VPN, DNS, IP Addressing

Hardware/Software – Apple Hardware, Mac Laptops/Desktops, Printers, Peripherals

PROJECTS

IT Service Desk Operations Enhancement

- Streamlined the **incident documentation process** by creating standardized templates within the ticketing system, reducing average documentation time by 15%.
- Developed a **quick reference guide for common macOS troubleshooting steps**, enabling junior support staff to resolve basic issues more independently.
- Collaborated with the operations team to monitor system health, identifying and escalating potential issues before they impacted end-users.

User Onboarding and Device Management Support

- Supported the **onboarding process for new employees** by preparing and configuring Mac laptops, installing standard applications, and setting up user accounts.
- Assisted in the administration of the **Mosyle MDM solution**, ensuring devices were correctly enrolled and policies were applied across the fleet.
- Provided clear, concise communication and guidance to new users regarding IT policies and available support resources.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021
