PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Supported Project Managers by coordinating design activities and equipment selection for wastewater treatment plant projects, ensuring adherence to **H&S; standards**.
- Assisted in monitoring project progress against **budgets and timelines**, contributing to the timely delivery of engineering projects.
- Managed subcontractor performance and quality logs, ensuring timely resolution of subcontractor-related defects to maintain project quality standards.
- Coordinated site activities to prevent conflicts and ensured all plant equipment was fit for purpose and inspected as required, aligning with **Veolia Minimum Requirements (VMR)**.
- Supported senior staff in liaising with **Clients and Client Representatives** to gather project requirements and provide updates.
- Contributed to the development of reporting on programme progress, including preparing a weekly 3-week look-ahead for the client, to optimise project workflows.
- Participated in **H&S; audits** and assisted in investigating incidents to ensure compliance with construction-phase plans and environmental management standards.

SKILLS

Engineering Discipline – Mechanical Engineering, Civil Engineering, Environmental Engineering

Project Management Tools – MS Project, Microsoft Word, Microsoft Excel, Microsoft PowerPoint

Site Operations – Site Coordination, Logistics Management, Quality Management, Subcontractor Management

Safety & Compliance – Health and Safety Management, Environmental Management, H&S; Audits, Incident Investigation

Project Delivery – Contract Execution, Design Activities, Equipment Selection, Procurement Processes, Budget Monitoring, Timeline Management

Client Relations – Client Liaison, Client Specifications, Stakeholder Communication

PROJECTS

Wastewater Treatment Plant Design Support

- Supported the design and engineering activities for multiple wastewater treatment plant upgrade projects, focusing on **equipment selection** and system integration.
- Assisted senior engineers in developing project documentation and ensuring compliance with client specifications and **Veolia standards**.
- Coordinated with cross-functional teams to ensure project requirements were met, contributing to a **15% reduction** in design review cycles.

Fresh Water Treatment Plant Construction Oversight

- Aided in the coordination of site activities and logistics for a fresh water treatment plant construction project, ensuring adherence to **strict H&S; protocols**.
- Reviewed subcontractor RAMS/SSOW documentation and monitored site performance to maintain quality standards and resolve defects promptly.
- Contributed to weekly progress reporting, including a 3-week look-ahead, assisting the project manager in keeping the project **on schedule**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
