PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review and action user-generated content and account reports against **community standards** and policies for a large-scale online platform.
- Investigate escalated abuse cases including harassment, hate speech, scams, and graphic content, documenting enforcement decisions.
- Identify and flag emerging abuse trends by analyzing user-generated content and account activity.
- Meet stringent quality, calibration, accuracy, and productivity targets for content review and policy enforcement.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Develop Java Spring Boot applications, building REST APIs for data validation and rule-based content flagging.
- Implement Python scripts for data pipelines and scheduled reporting, supporting data analysis for anomaly detection.
- Execute SQL queries for data validation and schema changes, ensuring accuracy in transaction monitoring systems.
- Manage production support for enterprise applications, responding to P1/P2 incidents impacting SLAs.
- Monitor application health using Splunk and CloudWatch, performing log analysis for incident triage and root cause identification.
- Document operational procedures and escalate issues via ticketing systems, collaborating with cross-functional teams.
- Support financial-services client dashboards, addressing transaction flow monitoring and operational alerting for failed messages.
