HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Architected **Oracle database** solutions on **AWS**, integrating with **VPC** and **IAM** for enhanced security and network isolation.
- Led design reviews for new **RDS for Oracle** features, setting team standards and identifying architectural deficiencies.
- Developed and implemented comprehensive automation frameworks for **Oracle database** benchmarking and performance validation.
- Mentored junior **Database Engineers** and Software Development Engineers on **Oracle database internals** and best practices.
- Resolved complex systemic issues within managed database services through rigorous root cause analysis and cross-functional collaboration.
- Drove technical strategy for **Oracle workloads** in the cloud, influencing roadmap items and feature specifications.
- Managed on-call operations for managed database services, including incident response and permanent resolution of systemic issues.

SKILLS

Database Internals – Oracle, Storage Architecture, Replication, Query Optimization, Memory Management

Cloud Platforms – AWS, RDS for Oracle, RDS Custom for Oracle, EC2, VPC, IAM, CloudWatch

Database Management – High Availability, Multi-AZ, Data Guard, Read Replicas, Migration Planning, Performance Tuning

Programming & Scripting – PL/SQL, Java, Python

Methodologies – Agile, Scrum, Incident Response, Root Cause Analysis

Tools – Jira, Confluence, Jenkins, Splunk, Dynatrace

PROJECTS

Oracle Database Automation Framework

- Engineered a comprehensive automation framework using **PL/SQL** and **Python** to manage and validate **Oracle database** configurations across multiple environments.
- Developed reusable patterns and coding standards for database management tooling, improving consistency and reducing manual errors by approximately **30%**.
- Integrated the framework with **Jenkins** CI/CD pipelines to enable automated deployment and testing of database changes.

RDS Oracle Performance Optimization Initiative

- Analyzed and optimized **Oracle database** performance for enterprise workloads on **AWS**, focusing on query tuning and memory management.
- Designed and implemented proactive monitoring strategies using **CloudWatch** and custom scripts to identify potential performance bottlenecks before customer impact.
- Collaborated with operations teams to troubleshoot and resolve critical performance-related incidents, ensuring adherence to service level agreements.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
