HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed a local, single-discipline technical team, ensuring the delivery of their workload and associated project milestones.
- Prepared and checked designs, calculations, drawings, and documentation to meet quality, cost, and programme criteria for structural schemes.
- Contributed to the professional development of junior staff, acting as a Delegated Engineer and overseeing their technical outputs.
- Provided effective support and assistance to Design Team Leaders on a variety of structures schemes, taking ownership of project stages from quotation to handover.
- Liaised with client and supplier representatives at a peer level, attending progress meetings and responding to technical queries.
- Drove effective Health and Safety practices within the team, ensuring compliance with CDM regulations and risk assessment protocols.
- Containerised Java Spring Boot microservices using Docker and deployed them to an AWS EKS cluster, configuring basic resource limits for predictable rollouts.

SKILLS

Structural Engineering – Bridge Design, Structural Analysis, Scheme Deliverables, Technical Standards, Risk Assessment, CDM

Software & Tools – LUSAS, Autodesk Structural Bridge Design, AutoCAD, Revit, Civil 3D, MS Project

Programming Languages – Java, Python, SQL

Cloud & DevOps – AWS, Docker, Jenkins, Git

Databases – PostgreSQL, MySQL, Oracle

Project Management – Agile, Scrum, Change Management, Stakeholder Management

PROJECTS

Structural Analysis of a Regional Bridge Upgrade (HCL Technologies)

- Performed detailed structural analysis on a key regional bridge upgrade project using **LUSAS** software to assess load-bearing capacities and identify potential stress points.
- Developed and checked design calculations and drawings for structural elements, ensuring compliance with **Transport Infrastructure Ireland (TII)** standards and project specifications.
- Collaborated with senior engineers and project managers to refine designs based on analysis results, contributing to a **15%** reduction in material specification adjustments during the construction phase.

Automated Reporting for Infrastructure Projects (HCL Technologies)

- Engineered **Python** scripts to automate the generation of weekly progress reports for multiple infrastructure projects, consolidating data from various sources including project management tools and site logs.
- Integrated scripts with **Jenkins** for scheduled execution, reducing manual reporting effort by approximately **8 hours** per week across the team.
- Developed REST APIs using **Java Spring Boot** to provide real-time project status updates, enhancing data accessibility for stakeholders involved in project planning and execution.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
