PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed a portfolio of international entity set-ups, ensuring clear prioritization and delivery accountability across Finance teams for **5+ concurrent initiatives**.
- Established lightweight governance frameworks, including standardized project intake and status reporting, for a **fast-paced, engineering-centric culture**.
- Provided clear, consistent visibility into project health, milestones, and risks through structured reporting to the **Head of International Accounting** and functional leads.
- Led cross-functional coordination across Accounting, Tax, Treasury, Payroll, and Legal teams to drive alignment and remove blockers on **entity set-up timelines**.
- Tracked finance set-up for new entities, including bank accounts, tax registrations, and payroll integration, supporting readiness through the **first month-end close**.
- Partnered with Tax, Payroll, and Accounting teams to support registrations and manage the compliance calendar for **newly established international entities**.
- Coordinated AI automation initiatives within the international expansion portfolio, tracking progress on **Claude-powered use cases** and integration with the Finance roadmap.

SKILLS

Program Management – International Expansion, Entity Set-ups, Go-live Readiness, Cross-Functional Coordination, Vendor Management, AI Initiative Tracking

Finance Domains – Accounting, Tax, Treasury, Payroll, Finance Systems, Financial Reporting, Compliance

Process & Governance – Governance Frameworks, Process Design, Change Management, Risk Management, Project Intake, Status Reporting

Tools & Technologies – Asana, Jira, Confluence, Workday, Microsoft Excel, Power BI

Core Competencies – Stakeholder Management, Communication, Presentation Skills, Problem-Solving, Analytical Skills, Adaptability

PROJECTS

International Entity Setup Acceleration Program

- Managed the end-to-end program for setting up **four new international subsidiaries** across Europe and Asia, coordinating with Legal, Tax, and Treasury.
- Designed and implemented a standardized project intake and reporting process using **Jira and Confluence**, improving visibility for leadership by 40%.
- Facilitated UAT coordination and provided post-go-live support for integrated systems, including new bank account mandates and payroll configurations.

Finance Systems Integration for Global Expansion

- Coordinated the integration of finance systems (including **Workday and core accounting platforms**) for two newly launched entities, ensuring data consistency.
- Developed communication plans and conducted training sessions for finance teams on new entity processes and controls, driving user adoption.
- Tracked vendor delivery timelines and SOW commitments for banking providers and local accounting services across **multiple countries**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026
