HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Produced precise **working drawings**, **construction details**, and **schedules** for a multi-discipline project focused on the Science, Industry & Technology sectors, adhering to Irish Building Regulations.
- Coordinated with multi-disciplinary teams, including **engineers** and **project managers**, to ensure seamless integration of architectural designs with structural and MEP elements.
- Applied knowledge of **BIM (Building Information Modelling)** workflows and **technical design** principles to develop detailed construction documentation.
- Assisted in preparing **planning applications** and **tender packages**, ensuring compliance with BC(A)R (Building Control Regulations) and Fire Safety/Disability Access Certificates (FSC/DAC).
- Developed **technical and graphic design** solutions, translating conceptual ideas into buildable plans and specifications under senior guidance.
- Managed project activities simultaneously, ensuring timely delivery of architectural documentation and adhering to project deadlines within a studio environment.
- Containerized architectural design tools and collaboration platforms using **Docker**, enabling consistent development environments across a distributed team.

SKILLS

Software – Revit, AutoCAD, BIM, Docker

Building Codes & Regulations – Irish Building Regulations, BC(A)R, Fire Safety Certificates, Disability Access Certificates

Design & Documentation – Technical Design, Detailing, Working Drawings, Schedules, Construction Details, Graphic Design

Project Management & Collaboration – Team Collaboration, Multi-disciplinary Coordination, Planning Applications, Tender Packages, Agile Ceremonies

Core Attributes – Spatial Awareness, Problem-Solving, Communication, Organization, Analytical Design, Adaptability

PROJECTS

Architectural Design & Detailing for Technology Sector Facility

- Generated detailed **construction drawings** and **technical specifications** for a new research and development facility, ensuring adherence to stringent industry standards.
- Implemented **BIM workflows** within **Revit** to create integrated models, facilitating clash detection and improving coordination with M&E; engineers.
- Produced a comprehensive set of **working drawings** and **detailing** packages for the main construction phase, supporting the tendering process.

BIM Standards Implementation for Sustainable Building Projects

- Developed and documented **BIM standards** and protocols for a series of sustainable building projects, focusing on data consistency and interoperability.
- Created reusable **Revit families** and templates to streamline the design process and ensure compliance with project requirements.
- Collaborated with project teams to integrate **technical design** data into the BIM environment, enhancing visualization and analysis capabilities.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
