# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Developed and maintained production-level **Java Spring Boot** applications, designing and implementing **REST APIs** to support core business functions and integrate with enterprise systems.
- Engineered **Python** scripts for automating data extraction and transformation processes, creating ETL pipelines that reduced manual data handling by approximately **30%**.
- Managed and optimized **SQL** queries across **PostgreSQL** and **Oracle** databases, performing data validation and implementing schema changes for improved data integrity and reporting accuracy.
- Collaborated with trading squads and campaign managers to deliver automated marketing solutions, translating business requirements into technical platform configurations and integrations.
- Acted as a key stakeholder in the acceptance of marketing platform solutions into production, ensuring all technical requirements were met and solutions were stable for deployment.
- Implemented and managed **tagging solutions** across marketing platforms, ensuring accurate data capture for analytics and campaign performance tracking.
- Containerized marketing technology services using **Docker** and deployed them to cloud infrastructure, ensuring scalable and efficient platform operations.

## SKILLS

**Marketing Technology** – Salesforce Marketing Cloud, CMS platforms, Tagging solutions, AMP Script, Data Governance, Platform Architecture, CRM strategies

**Data Analysis & Reporting** – SQL, Tableau, Excel, Data Quality, Data Integrity, Platform Health Metrics

**Programming Languages** – Java, Python, HTML, CSS, JavaScript, AMP Script

**Backend Development** – Java Spring Boot, REST APIs, Microservices, PHP

**Cloud & DevOps** – AWS, Docker, CI/CD, Jenkins, Git

**Project & Stakeholder Management** – Product Owner, Solution Architect, Project Management, Stakeholder Collaboration, Cross-functional Teams, Agile Methodologies

## PROJECTS

### Marketing Platform Integration with CRM Data

- Designed and implemented backend data integration solutions to connect a CMS platform with a CRM system, enabling seamless data flow for targeted marketing campaigns.
- Developed technical tickets and provided project management support for the successful deployment of cross-system integrations, ensuring alignment with long-term business goals.
- Extracted and analyzed data from marketing systems using **SQL** and **Tableau** to report on platform health and integration success metrics, identifying areas for performance improvement.

### Automated Email Campaign Delivery System

- Supported the development of scalable email solutions using **AMP Script** and **HTML**, enhancing CRM strategies and driving customer engagement through personalized messaging.
- Implemented responsive front-end builds within a CMS platform, ensuring SEO best practices and integration with tagging and analytics systems for campaign optimization.
- Managed data quality and governance within marketing databases, ensuring compliance with **GDPR** and other relevant regulations for secure and ethical data handling.

## EDUCATION

**M.Sc. Data Analytics — National College of Ireland, Dublin** Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore, India** 2021

## CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
