HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained core components of enterprise financial systems using **.NET Core**, adhering to best practices and current development technologies.
- Enhanced and maintained the **Test Automation framework** using Selenium, improving test coverage for application developments.
- Provided support for **database schema** and functionality development, specifically within MS SQLServer environments.
- Assisted with the design and completion of **report and data extract** development for business intelligence purposes.
- Contributed technically to initiatives migrating solutions to **AWS**, including EC2 and S3 services.
- Containerized applications using **Docker** for deployment to cloud environments, managing container lifecycles and dependencies.
- Participated in Agile ceremonies and conducted **code reviews** for junior developers, ensuring adherence to team standards and promoting knowledge sharing.

SKILLS

Development – .NET Core, Python, Selenium, Postman, JMeter, Docker, Containerization

Cloud Platforms – AWS, Azure, GCP

Databases – MS SQLServer, Oracle, MySQL, PostgreSQL

Programming Languages – Python, C#

Methodologies – Agile, Scrum

AI Assisted Development – Kiro, ClaudeCode

PROJECTS

Financial Systems Modernization (HCL Technologies)

- Modernized legacy backend services by developing new modules in **.NET Core**, improving system stability and maintainability for enterprise clients.
- Implemented **database schema** changes and wrote complex **SQL queries** involving table joins and set operations to support new feature requirements.
- Integrated new service components with existing systems via REST APIs, ensuring seamless data flow and application functionality across interconnected platforms.

Automated Reporting and Data Extraction Platform (HCL Technologies)

- Developed automated **data extract** processes using Python scripts to pull data from PostgreSQL and MySQL databases for reporting needs.
- Built and deployed automated reports using **Power BI**, creating interactive dashboards that provided key operational insights to business stakeholders.
- Managed the deployment and configuration of reporting services on **AWS** infrastructure, ensuring availability and performance for end-users.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
