PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Coordinated cyber governance activities, preparing briefing papers and action trackers for **EMT, ARC, Board**, and IT governance forums.
- Managed cyber and information security policies, standards, and procedures, coordinating their periodic refresh and supporting rollout across IT and business areas.
- Maintained oversight of the cyber remediation plan, tracking actions, owners, milestones, dependencies, risks, and evidence of completion.
- Coordinated the upkeep of the cyber risk register, ensuring risks had clear owners, ratings, treatment plans, target dates, and status.
- Supported incident response planning, evidence gathering, communications, reporting, escalation, and post-incident improvement activities for major incidents.
- Assisted with vulnerability management, patch management, secure configuration, logging, and monitoring improvement activities for critical systems.
- Supported cyber security input into supplier onboarding, procurement, contract reviews, and supplier assurance activities, tracking related risks and contractual obligations.

SKILLS

Cyber Governance – NIS2, CyFun, ISO 27001, NIST Cybersecurity Framework, Policy Management, Standards, Procedures, SOPs, Governance Reporting

Risk Management – Cyber Risk Register, Risk Assessment, Risk Exposure, Control Maturity, Remediation Tracking, Third-Party Risk

Incident Response – Major Incident Management, Playbooks, Escalation Paths, Lessons Learned, Post-Incident Review

Security Operations – Vulnerability Management, Patch Management, Secure Configuration, Logging, Monitoring, Endpoint Protection, Identity Controls

Audit & Compliance – Internal Audit, External Audit, Evidence Gathering, Management Responses, Regulatory Developments

Stakeholder Management – Reporting, Meeting Facilitation, Cross-functional Collaboration, Communication, Training Promotion

PROJECTS

Cyber Governance Framework Enhancement (HCL Technologies)

- Developed and implemented an updated **cyber governance framework**, standardizing policy review cycles and action tracking mechanisms across multiple enterprise clients.
- Coordinated with IT and business stakeholders to integrate **new security standards** and procedures into operational workflows, improving compliance posture.
- Prepared comprehensive **governance reports and meeting packs** for senior management, detailing remediation progress and risk mitigation strategies for a financial-services operations dashboard.

Risk Register Modernization Initiative (HCL Technologies)

- Refactored and centralized the cyber risk register for a critical **financial services client**, improving data accuracy and accessibility by **40%**.
- Implemented standardized **risk assessment methodologies** and treatment plan tracking, ensuring clear ownership and timely closure of identified vulnerabilities.
- Supported **audit and compliance activities** by providing detailed evidence and management responses related to risk mitigation efforts.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
