# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Managed and supported **Microsoft Dynamics 365 Business Central** and **LS Central** integrations with eCommerce platforms and reporting tools, ensuring data consistency across global retail operations.
- Led application and integration issue resolution for retail systems, including **troubleshooting**, **prioritisation**, and managing escalations to external support partners, resolving an average of **15 critical tickets** per sprint.
- Partnered with retail operations stakeholders to gather requirements for **inventory management**, **pricing**, and **promotions**, translating business needs into functional system specifications.
- Coordinated the testing and release of system enhancements for the global ERP and omnichannel platforms, ensuring successful user adoption and operational effectiveness across **multiple ARI locations**.
- Drove continuous improvement initiatives by identifying opportunities for automation in retail back-office processes, reducing manual effort by an estimated **20%**.
- Acted as a liaison between IT, vendors, and commercial teams to support strategic retail and digital initiatives, contributing to the successful rollout of a new **merchandising platform**.
- Developed and maintained Python scripts to automate data extraction and reporting for retail operations, processing approximately **50,000 transaction records** daily.

## SKILLS

**ERP & Retail Systems** – Microsoft Dynamics 365 Business Central, LS Central, Oracle, MySQL, PostgreSQL, SAP (concepts)

**Cloud & Integrations** – AWS, Azure, REST APIs, SOAP, API Management, JSON, XML

**Programming & Scripting** – Python, Java, SQL, Shell Scripting

**BI & Analytics** – Power BI, Tableau, DAX, Power Query, Data Modelling, Reporting

**DevOps & Tools** – Docker, Jenkins, Git, Jira, Confluence, Splunk, Dynatrace

## PROJECTS

**Retail Operations Dashboard Enhancement (HCL Technologies)**

- Developed and deployed enhanced reporting dashboards using **Power BI** for a financial-services client, visualising key operational metrics for transaction monitoring and reconciliation workflows.
- Refactored inefficient **SQL queries** and implemented strategic indexing across PostgreSQL and Oracle databases, reducing analytical report execution times by **34%**.
- Collaborated with business analysts to define requirements and conduct UAT for new dashboard features, improving data accessibility for the operations team.

**Automated ERP Data Sync Service (HCL Technologies)**

- Engineered a Python-based service to automate data synchronization between an enterprise ERP system and a downstream retail operations platform, processing approximately **3,000 records** per hour.
- Implemented REST API integrations using **Java Spring Boot** to facilitate cross-system data exchange, ensuring reliable data flow for inventory and pricing updates.
- Containerised the service using **Docker** and deployed it on AWS EC2 instances, establishing a CI/CD pipeline with Jenkins for automated builds and deployments.

## EDUCATION

**M.Sc. Data Analytics — National College of Ireland, Dublin** Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore, India** 2021

## CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
