HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained **Angular** single-page applications using **TypeScript**, adhering to modular design principles for reusability and scalability.
- Integrated frontend applications with backend services via **REST APIs**, ensuring seamless data flow and functionality for enterprise users.
- Contributed to the design and implementation of **reusable components** and modules within a large-scale application architecture.
- Collaborated with architects and product stakeholders to translate complex requirements into technical specifications and actionable development tasks.
- Participated in **code reviews**, providing constructive feedback to peers and junior developers to maintain high code quality standards.
- Managed source code using **Git**, including branching strategies and pull request workflows, as part of a regular **CI/CD** process.
- Deployed containerized applications to **Azure Kubernetes Service (AKS)**, configuring deployment strategies and resource management.

SKILLS

Frontend – Angular, TypeScript, HTML5, CSS3, RxJS, State Management

Cloud – Microsoft Azure, Azure Kubernetes Service (AKS), Azure Functions, Azure App Service

Backend / APIs – REST APIs, Web Services

DevOps / Tools – Git, CI/CD, Docker, Jenkins, Azure DevOps

Methodologies – Agile, Scrum, Modular Architecture

PROJECTS

Modular Financial Dashboard Development (HCL Technologies)

- Engineered a modular frontend using **Angular** and **TypeScript** for a financial operations dashboard, focusing on creating reusable components for transaction monitoring and reporting.
- Integrated the dashboard with backend APIs to display real-time operational metrics, achieving faster data retrieval for end-users.
- Worked within an Agile framework, participating in sprint planning and daily stand-ups to deliver incremental features for internal stakeholders.

Azure Cloud-Native Application Integration

- Developed and deployed a microservice using **Azure Functions** and **REST APIs**, integrating with existing enterprise systems hosted on Azure.
- Containerized the microservice using **Docker** and orchestrated deployments to **Azure Kubernetes Service (AKS)**, improving application resilience and scalability.
- Implemented comprehensive logging and monitoring within the Azure environment to track application performance and identify potential issues.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
