PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Served as the primary technical contact for end-users, logging, prioritizing, and resolving IT support tickets within established service level agreements using an **I.T. Ticketing System**.
- Provided comprehensive remote and on-site technical assistance to users across head office, regional offices, and remote construction sites, ensuring minimal disruption to daily operations.
- Managed the end-to-end lifecycle of company devices, including building, enrolling, and deploying new hardware via **Intune/Autopilot**, and maintaining an accurate IT asset register.
- Deployed operating system and application patches across user devices, meticulously reporting on patch compliance to maintain system integrity and security posture.
- Executed Joiner, Mover, and Leaver procedures, accurately managing user accounts, licenses, and permissions across key platforms including **Microsoft 365**, **Entra ID**, and construction management software.
- Supported and troubleshot office and site networks, including standardized wireless connectivity, printers, and mobile devices, ensuring reliable IT infrastructure for all locations.
- Documented technical procedures and solutions in a shared **knowledge base**, enhancing team collaboration and reducing reliance on single points of knowledge.

SKILLS

IT Support – Ticketing Systems, End-User Support, On-Site Support, Remote Support, Incident Management, Service Level Agreements, IT Asset Management

Operating Systems & Software – Windows 11, Microsoft 365 (Exchange Online, Teams, SharePoint, OneDrive), Approved Software Installation, User Training

Networking – TCP/IP, DNS, DHCP, Wi-Fi, VPN, Network Troubleshooting, Printer/Scanner Support

Identity & Access Management – Entra ID, Active Directory, Intune (Device Enrollment, Compliance, App Deployment), MFA, FIDO2 Security Keys, Conditional Access

Security & Compliance – Information Security Controls, ISO 27001 ISMS, GDPR Principles, Security Awareness Initiatives, Phishing Awareness, Data Protection

Infrastructure & Tools – IT Asset Register, Intune/Autopilot, Microsoft Teams Rooms, Backup Monitoring, Knowledge Base Documentation, Vendor Management

PROJECTS

Multi-Site Construction IT Mobilization

- Engineered the deployment strategy for IT equipment at new construction sites, coordinating the setup of network connectivity, printers, and mobile devices to meet project timelines.
- Managed user account provisioning and de-provisioning for site personnel, ensuring timely access grants for joiners and secure removal of permissions for leavers across relevant systems.
- Developed standardized documentation and checklists for site IT setup, reducing the average time for full site mobilization by approximately **30%**.

Enhanced User Onboarding & Device Management

- Automated device enrollment and configuration using **Intune/Autopilot** for new hires, significantly reducing manual setup time and ensuring consistent builds across the organization.
- Developed and maintained user guides for common IT tasks and new software rollouts, improving self-service resolution rates for the helpdesk by an estimated **15%**.
- Collaborated with the IT Manager to refine the Joiner/Mover/Leaver process, ensuring adherence to security policies and efficient management of user licenses and access rights.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
