PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed scalable, maintainable **Angular** front-ends for new, data-driven applications, adhering to **TypeScript** and **RxJS** best practices.
- Collaborated with stakeholders and end-users in workshops to define requirements and map user journeys, challenging assumptions and identifying potential risks early in the project lifecycle.
- Created performant **data visuals** within applications, integrating seamlessly with backend **APIs** to present complex information effectively.
- Contributed to **CI/CD pipelines**, ensuring comprehensive automated testing coverage and suggesting improvements for build and deployment processes.
- Implemented **accessibility standards** (WCAG) across user interfaces, ensuring applications were usable by a diverse range of users.
- Mapped user journeys and created wireframes to visualize user interactions and flows, translating business needs into actionable UI/UX designs.
- Containerized Angular applications using **Docker** and configured basic resource limits, facilitating consistent deployment across development and staging environments.

SKILLS

Frontend – Angular, TypeScript, RxJS, HTML, CSS, SCSS, JavaScript, UI/UX Design, Accessibility (WCAG)

Tools & Platforms – Ag Grid, Jest, Karma, Cypress, Playwright, Docker, Jenkins, Git, Jira, Confluence

Backend Integration – REST APIs

Methodologies – Agile, Scrum, CI/CD, User Journey Mapping, Wireframing

Data Visualization – Data-heavy UI tools

PROJECTS

Angular Application for Regulatory Reporting

- Developed a greenfield **Angular** application to support AML, VAT, and regulatory reporting initiatives, focusing on maintainable and scalable code.
- Integrated real-time data feeds via **APIs**, enabling users to visualize key metrics and trends directly within the application.
- Implemented robust **testing** strategies using Jest and Cypress, ensuring high code quality and predictable application behavior.

Interactive Data Visualization Dashboard

- Designed and built interactive **data visuals** using **Angular** components and a data-heavy UI tool (e.g., AG Grid) to display large datasets.
- Collaborated with business analysts to refine data presentation requirements, ensuring the dashboard met stakeholder needs for reporting and analysis.
- Wrote custom **TypeScript** logic to process and format data for optimal display and user interaction.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
