HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Commissioned and validated GxP HVAC systems and associated cleanrooms, ensuring adherence to stringent regulatory standards.
- Performed HEPA filter integrity testing and particle count testing for critical airflow environments, maintaining environmental control.
- Executed HVAC air and water systems balancing and commissioning for pharmaceutical and medical device facilities.
- Troubleshot and diagnosed faults within complex HVAC systems during commissioning and validation phases, resolving issues efficiently.
- Developed and maintained comprehensive validation documentation, including check sheets and detailed HVAC commissioning reports, adhering to **Good Documentation Practices (ALCOA+)**.
- Collaborated with **external contractors and customer representatives** on-site to plan and execute validation and maintenance activities.
- Managed the **end-to-end project lifecycle** for system modifications and improvements, from initial survey to final implementation and documentation.

SKILLS

Core Competencies – HVAC Systems, Cleanroom Validation, Commissioning, Compliance, Fault Finding, Troubleshooting, Technical Support, Project Management, Site Audits, Energy Saving Projects

Testing & Analysis – HEPA Filter Integrity Testing, Particle Count Testing, Air Change Rate Verification, Cleanroom Pressure Profiling, HVAC Air Balancing, HVAC Water Systems Balancing

Documentation & Standards – Validation Documentation, Commissioning Reports, Check Sheets, Good Documentation Practices (GDP), ALCOA+

Industry Focus – Pharmaceutical Sector, Medical Devices Sector, Healthcare Sector

Tools & Technologies – GxP HVAC Systems, LEVs, Fume Cupboards, Utility Systems

PROJECTS

Cleanroom Environmental Control System Validation

- Validated critical HVAC systems and cleanroom environments for a pharmaceutical client, focusing on **particle count and air change rates**.
- Developed detailed test plans and executed commissioning procedures for airflow and pressure control systems, ensuring compliance with **GxP standards**.
- Generated comprehensive validation reports documenting system performance and adherence to specifications, facilitating regulatory approval.

HVAC System Performance Optimization Project

- Conducted diagnostic analysis of HVAC system performance across multiple enterprise facilities, identifying areas for improvement.
- Implemented and tested modifications to air and water balancing protocols, leading to a measurable improvement in system efficiency.
- Documented implemented solutions and provided technical recommendations for ongoing maintenance and energy saving initiatives.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
